[CEQ NEPA Guidance Electronic Submission](#)

Dear Mr. Boling:

ConocoPhillips Company appreciates the opportunity to provide comments on the Council on Environmental Quality (CEQ) NEPA Draft Guidance Documents, "Consideration of the Effects of Climate Change and Greenhouse Gas Emissions" and "NEPA Mitigation and Monitoring" published in the Federal Register on February 23, 2010 (Volume 75, Number 35) at 75 FR 8046.

ConocoPhillips is a major integrated energy company headquartered in Houston, Texas, involved in every aspect of the oil and natural gas industry, including worldwide exploration, production, transportation, marketing, refining, chemicals, and power. Activities in our operations often trigger federal actions requiring a review under National Environmental Policy Act (NEPA). Therefore, ConocoPhillips has a substantial interest in ensuring the two referenced guidance documents are reasonable and based on the procedural intent of NEPA.

As a member of the American Petroleum Institute (API) and Public Land Advocacy (PLA), ConocoPhillips endorses the comments submitted by API and PLA on the Draft NEPA Guidance Documents.

ConocoPhillips appreciates the opportunity to provide comment for your consideration before issuing final guidance. If you have any questions regarding this submission, please feel free to contact Clint Gill of my staff at (918) 661-4264.

Sincerely,
