5636	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Kivel Manor East - Kivel Manor East, also known as Goldsmith, is a senior living building located in Phoenix, Arizona. The approximate 4.0-acre site is situated on the west side of North 36th Street, approximately 7 miles east of downtown Phoenix. The overall site has 4 buildings, and Kivel Manor East is one of them and is the only building addressed in this report. The nursing home area has been sold and is being torn down at this time. Improvements to the site include a 4-story building with an attached 1-story Office - Community Room, two gazebos (on the Property), surface parking is provided. A total of 72 one bedroom apartment units are provided. All apartment units are accessed from interior corridors. Amenities include a common laundry facility, Community Room, and gazebos. - 3020 North 36th Street, Phoenix, AZ	1	CE	done	1		6/15/2010	Yes		
5637	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Dillon Hall - Dillon Hall is a 72-unit elderly affordable residential property in the Burke Acres neighborhood of Kalamazoo, Michigan. The project was originally constructed in 1964 as a college dormitory and underwent significant renovations in a 1978 conversion to an elderly affordable residential facility. Structures on the property consist of: Five-story masonry apartment building that is one wing of a larger masonry building and houses 72 apartment units; Enclosed wood-frame gazebo building constructed slab-on-grade; Lawn maintenance garage/shed of wood-frame construction on concrete floor slab; A wood-frame storage shed on the adjacent property is used by this facility to store gardening tools. The site is located in the Burke Acres neighborhood, at the northeast corner of Kalamazoo, Michigan, and consists of an approximate 3.2-acre parcel of land located on the north side of Gull Road. The site can be accessed from Gull Road and Nazareth Road via a private drive owned and maintained by the adjacent property owner. Access to the property	1	CE	done	1		6/18/2010	Yes

5713	Public Housing Capital Fund, Recovery Act	Amory - Create a comprehensive services center for frail elders at its Amory Street Elderly/Disabled development. These CFRC funds coupled with $203,136 of leveraged funds and $1,976,200 of matched funds will enable BHA to renovate an existing 10,000 square foot community and office space into a full-service Center serving the needs of BHA frail elders and people with disabilities who are over the age of 55. The Center will be operated by Upham¿s Corner Health Center¿s Elder Service Plan-PACE (Program of All-inclusive Care for Elders) (UESP ¿ PACE)-a community-based, comprehensive initiative providing medical, adult day health and supportive care for frail elders. The program allows elders to remain living independently in the community, rather than in a nursing home. As elder residents age, many face increasing need for coordinated, comprehensive supportive care while their physical and cognitive abilities and monetary resources are decreasing. Too many elders face unnecessary hospitalization, emergency room visits and permanent nursing home placement, when positive options such as the BHA-Upham¿s Corner PACE collaboration can help them continue	1	EA	done	1		10/28/2009	Yes

5837	Community Development Fund, Recovery Act	HOPE House HVAC upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be $5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER. The building is located in the Emily Kimbrough	1	CE	done	1			Yes		
5838	Public Housing Capital Fund, Recovery Act	Purchase of Edger & Weedeaters - Purchase of edger and weedeaters - 615 East Texas Drive, Anadarko, OK	1	CE	done	1			No

5876	Community Development Fund, Recovery Act	Deconstruction Training Program - In an effort to recycle valuable building components as part of its CDBG- and NSP-funded demolition program, the City will implement a pilot program to train local contractors and laborers to deconstruct houses. Two training programs will be conducted: 1) Using CDBG and NSP clearance funds, the City will contract with an experienced deconstruction specialist with an existing curriculum to teach contractors the art of building deconstruction; 2) Using CDBG-R funds, a deconstruction specialist will teach formerly incarcerated and other low- and moderate-income persons the skills necessary to perform deconstruction work, thus improving marketability to contractors. Instruction will involve both classroom work and on-site, hands-on deconstruction of a blighted structure. The deconstruction training program will be developed in conjunction with Work One (the state¿s workforce development agency), the City¿s Weed and Seed/Community Corrections agency, Habitat for Humanity, and professional consultants who have expertise in building deconstruction and an established deconstruction training curriculum. 5900	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Kivel Manor - Kivel Manor is a building for Seniors located in Phoenix, Arizona. The approximate 4.0-acre site is situated on the east side of North 36th Street, approximately 7 miles east of downtown Phoenix. The overall site has 3 buildings remaining as ¿Kivel Campus of Care¿, including Kivel Manor, which is the only building addressed in this report. Kivel Manor East and Kivel Manor West have been reviewed on other GRPCA reports. The adjacent nursing home area has been sold and is being torn down at this time. Kivel Manor includes two 4-story buildings with a one story attached common area between the two buildings. It should be noted that the two 4 story buildings are called East and West wings. A total of 120 apartment units are provided. In 2005 the building had extensive renovations completed, which modified 30 existing units to make them Assisted Living compliant Units. The Assisted Living units are all located on floors one and two in the west wing. In 2005 these two floors and common areas had asbestos abatement and had a fire sprinkler system installed during the renovations. The remaining units still have asbestos containing materials in the units and	1	CE	done	1		6/30/2010	Yes

5913	Public Housing Capital Fund, Recovery Act	baxter park - The first phase of this development will be comprised of 90 mixed income rental units on 3.5 acres, to include 32 public housing units. The new Baxter Park plan includes a mixed use, mixed income neighborhood that vigorously connects to the surrounding assets of the area: Washington Park and the historic James Street District to the east, New Jersey Institute of technology to the south, and the future development of Orange Street to the north. The central vision of the rejuvenated Baxter Terrace is the creation of a grand outdoor space at the heart of the new neighborhood. The new Baxter Park will give residents and visitors a recognizable and memorable open space with a variety of activities on paved and natural surfaces. The Park will bring a diverse population together in a grand and gracious public outdoor room. The central north/south spine of the Park is designed as a promenade with benches and central water feature that flank broad walking paths. This axis aligns with the pedestrian gateway to New Jersey Institute of Technology across Central Avenue and plugs into their public green adjacent to their	1	EA	done	1		8/28/2008	Yes

6365	Community Development Fund, Recovery Act	Hemet Area Senior Services Center - The County will funds to pay for costs associated with the construction (Conversion/renovation) of a 13,000 square foot facility located in the City of Hemet. The new facility, to be located in an existing commercial building, will replace the existing 8,000 square foot Hemet Senior Services Center. The existing Center can no longer provide adequate and functional space for the essential services needed by seniors in the mid-county region. The project includes the conversion and renovation of a vacant, 13,248 square foot, County-owned commercial building (former Smart and Final). This renovated facility will provide space for employment, counseling, referral, and veteransz services. The reconfigured interior will include conference and meeting rooms, waiting areas, offices, storage space, restrooms, activities areas, a break room, as well as electrical and plumbing improvements. The exterior of the building will be redesigned to provide a modern façade. Other exterior improvements include parking, vehicular and pedestrian flow, landscaping, outdoor activities, drainage, signage, and other improvements. Further, the	1	CE	done	1		4/7/2010	Yes

6422	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds area made available to the County. However, there will be some factors that may delay the project	1	CE	done	1		9/9/2009	Yes

6436	Home Investment Partnership Program, Recovery Act	La Terraza Apartments - La Terraza is a 72 unit apartment complex proposed for a 3.47 acre site in Farmington, NM. The complex will consist of 9 two-story 8 unit buildings, offering spacious garden-style apartments designed for medium to large families. The complex will have 32 two-bedroom apartments with 894 SF of living space and 40 three-bedroom apartments with 1,154 SF of living space. There will be 18 units set-aside for persons with physical disabilities. Every apartment will have a breakfast bar, dining room, living room sliding glass opening to a private patio, exterior bulk storage, high efficiency HVAC units, vertical blinds and individual washer and dryer hookups. Buildings will be southwestern style with arched accents and low pitched shingled roofs and the exterior troweled stucco of one shade with areas of a second accenting color. Grounds will be xeriscaped and utilize a fully automatic irrigation system. A clubhouse and a recreational area with playground equipment and a half-court basketball area have been proposed. Additional amenities include a community garden for use by the residents and a central mail center. La Terraza¿s location makes it convenient to nearby resources	1	EA	done	1		12/9/2009	Yes

6650	Home Investment Partnership Program, Recovery Act	House to Home - House to Home is a single-family affordable rental housing development consisting of 20 homes located in the central core of Kansas City, Wyandotte County. Each home will have three bedrooms (1,300 square feet) and will include standard amenties. In addition, tenants will be provided home maintenance, homeownerownership and financial literacy classes to enable them to eventually become homeowners. The homes will be built on multiple sites located in an area bounded by Orville on the north, 10th on the east, Central on the south and the alley between Valley and Thorpe, Kansas City, Kansas (Census Tract: 421). The homes will be built on vacant infill parcels. The existing conditions of the project area are single-family homes, a commercial corridor on Central and a Medical Office building in the middle. Most of the single-family homes are deteriorating and are surrounded by vacant pieces of land. The majority of the land is held in the Land Bank. If the area were to continue without	1	EA	done	1		10/8/2009	Yes		
6651	Home Investment Partnership Program, Recovery Act	McKinley Housing - McKinley Housing will consist of two areas of construction. The first portion will be in the northern area of the city and will consist of two and three bedroom duplexes. The second portion will be in the southeast area of town and with consist of 1 and 2 bedroom duplexes and triplexes. The northern area is a vacant lot, formerly owned by the School District. The surrounding area is residential in nature, made up of pre-WWII housing. The southeastern area is vacant lots that were previously residential housing. The neighborhood is a mix of single, duplex and triplex housing, with approximately 22 HOME-assisted rental scattered throughout. The proposed development is also HOME funded. KHRC completed the Part 58 review in December 2008 and HUD issue release in January 2009. - 13th and Sycamore and the Aganipe Park Area, Independence, KS	1	EA	done	1		1/26/2009	Yes

6819	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and	1	CE	done	1			No		
6820	Home Investment Partnership Program, Recovery Act	Belen Apartments - The Belen Apartments are an acquisition / rehabilitation of an existing 40 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect (Autotroph) to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The structure will be built on an adjoining parcel and will include offices for the social programs, modern laundry facilities and expanded recreation room with computers for tenant use, leasing offices along with a new manager¿s unit. The existing manager unit will be gutted and converted into a 3 bedroom handicap	1	CE	done	1			No

6821	Home Investment Partnership Program, Recovery Act	La Pradera Apartments - La Pradera, a project in NE Hobbs was awarded points under Tax Credit Design Competition. The developers have invested considerable time, effort and funds to involve the community to develop and affordable housing community to help alleviate the severe housing shortage for low to moderate income families in Hobbs. La Pradera has developed a comprehensive social service plan for households with children including on-site childcare, financial/computer/job training/gardening seminars. Each unit will contain a private courtyard to allow safe play outside by young children and allow supervision. The developer has been working with the city to connect the school campus by extending the city¿s street grid and include a walking trail. The site will originate east to west to maximize solar gain. La Pradera intends to receive LEED for Homes Silver or greater. Nearly 1.6 acres will be set aside for native grassland open space. Landscaping will utilize native drought resistant plants, shrubs, ground cover and trees. There will be one (6), two (36) & three (18) bedrooms with 744 sq ft, 885 sq ft & 1,157 sq ft respectively. Net rents will range from	1	EA	done	1		9/20/2009	Yes

7269	Home Investment Partnership Program, Recovery Act	Parkside Commons - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Parkside Commons (the ¿Project¿). The Project will consist of the acquisition and rehabilitation of a 393 unit, multifamily rental development, consisting of 14 apartment buildings, located at 1935-2001 East Fayette Street (Tax Map ID # 036.-01-18.0) in the City of Syracuse, Onondaga County, New York. The Project has an existing HFA mortgage from 1994 under the name ¿Rolling Green.¿ The Project was constructed in two phases in 1948 and 1962. The entire 14-building, 393-unit complex was renovated in 1980 and was refinanced in 1994 as an LIHTC project. Amenities include laundry facilities, a playground, a community room, and outdoor parking lots for tenants. The management office is located on the premises. The Project is presently 97% occupied. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. Major improvements include the full	1	EA	done	1		9/11/2009	Yes

7334	Home Investment Partnership Program, Recovery Act	Bedell Terrace - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Bedell Terrace (the ¿Project¿). The Project consists of the acquisition and rehabilitation of a 244 unit multifamily rental development consisting of 26 apartment buildings located at 10-26 Bedell Street /& 91-101 & 105-145 Terrace Avenue in the Village of Hempstead, Nassau County, NY. The Project consists of 133,943 square feet of residential space that primarily serves low-income tenants. The 26-building, 244-unit Project was constructed in the late 1920s and has fallen into severe disrepair. Currently eight of 26 buildings are vacant and many others house only 1 or 2 tenants. The Project is presently 66% occupied. Ninety seven percent of the 243 revenue-generating units, or 236 units, are expected to be set aside for tenants with incomes at or below 60% of the Area Medium Income (¿AMI¿) for the Nassau-Suffolk, NY HUD FMR adjusted for family size. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in	1	EA	done	1		9/22/2009	Yes

7931	Home Investment Partnership Program, Recovery Act	Orcutt Townhomes III - Orcutt Townhomes Phase III is the continuation of the redevelopment of the former Orcutt Homes public housing project. Previously the developer, the Newport News Redevelopment and Housing Authority has replaced over 100 units of public housing with the Ashe Manor midrise, consisting of 50 units for elderly and disabled households; and Orcutt Townhomes Phase II, consisting of 40 units for families. Orcutt Townhomes Phase III will feature 30 units for families in two and three-bedroom townhouse dupexes and garden style apartments. The developer will utilize the principles of universal design to the greatest extent possible and will incorporate green building techniques enabling the project to receive Earthcraft Virginia certification. The rents for every unit will be paid from the NNRHA's Annual Contributions Contract and as a mixed-finance project there will be no hard ebt service, therefore our debt service coverage ratio , and annual increases in revenues and expenses appear to be outside of VHDA's standards. - 3200 & 3500 Blocks of Orcutt Avenue and 1000 Block of	1	EA	done	1		12/22/2009	Yes

8156	Home Investment Partnership Program, Recovery Act	Grant Park Apartments - The proposed Grant Park Apartments Project is part of the Mulford Gardens HOPE VI Revitalization Plan which received funds from the U.S Department of Housing and Urban Development (HUD) in 2006 for the demolition of the existing Mulford Gardens and revitalization of the project area. The Mulford Gardens HOPE VI Revitalization Plan was developed in conjunction with the Ashburton Avenue Master Plan and Urban Renewal Plan. The proposed project will also receive HUD HOPE IV funding. The Project site is two parcels located at 1 Loehr Place and 9 Vineyard Avenue. The Project includes construction of four, 3- and 4-story rental apartment buildings and a single story community facility located at 1 Loehr Place and 9 Vineyard Avenue. The five building complex will include elevators and laundry facilities in each residential building. The community building will include the management office, maintenance office, exercise room, business center and a community room. There will be 100 on-grade parking spaces available for tenants and visitors. Pursuant to the National Environmental Policy Act of 1970 and its	1	EA	done	1		10/7/2009	Yes		
8157	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	CE	done	1		12/4/2007	Yes		
8158	Native American Housing Block Grant, Recovery Act	Twin Hills Sub Rehab - Purchase and install Windows and Doors and insulation. - Lot 5a,9a,11a,2,1,3,7a Twin HIls Sub, Twin Hills, AK	1	CE	done	1			No		
8159	Home Investment Partnership Program, Recovery Act	Villa West Apts. - Villa West Apartments is a Preservation Project consisting of acquistion and rehabilitation of 48 units with Section 8 site based rental assistance. Funds will be used to keep the project affordable and available to low income families. - 201 SW Agee Street, McMinnville, OR	1	CE	done	1		9/15/2009	Yes

8473	Home Investment Partnership Program, Recovery Act	Hudson Terrace Apartments - Evergreen Partners, LLC. proposes substantial rehabilitation of existing, 3-story buildings (13 buildings total) for families with 167 residential units, on a 5.8 acre site at 15 North Front Street, City of Hudson, Columbia County. The project was constructed in 1973. The property over looks the Hudson River at the top of a bluff. The property is separated into two sections by Promenade Hill Park. Four buildings contain laundry facilities. Interior improvements will be replacement of kitchens, bathrooms, flooring and doors. Each apartment will be painted and wired for smoke detectors. New gas fired heating systems will replace the existing electric heat and provide central air conditioning. Exterior improvements include replacement of roofs, windows and siding. Building insulation will be improved. The renovation will follow the DHCR green building design criteria. Tenants will be relocated in phases during rehabilitation. Minor site disturbance will occur in the form of underground installation of downspout extensions, regrading at base of buildings to provide positive drainage,	1	EA	done	1		12/11/2009	Yes

8873	Community Development Fund, Recovery Act	Bartolo Square North Improvement Project Phase I - The Bartolo Square North Neighborhood Street Improvement Project involves the construction and installment of a new polyvinyl chloride (PVC) 8¿ water main pipe lines to replace existing 8¿ cast iron pipes that are corroded. Due to the corrosion, water main breaks and leaks occur frequently. These leaks and breaks affect water quality and pressure as well as increase the potential for contamination of the drinking water system. The reduced water pressure affects fireline service to the area in the event of an emergency, but most significantly, main breaks result in a loss of potable water to the residents. The new proposed PVC water main pipe line is an industrial standard that prevents corrosion and has a greater useful life as compared to the cast iron pipe. PVC water pipe lines will provide residents with improved quality of potable water, improved water distribution and improved fireline service.
The new water main pipe lines comprise of 6,796 linear feet and will be constructed and installed on Hill Street from Ventura Road to ¿1¿ Street (2,200 linear feet) on ¿¿ Street from Wooley	1	CE	done	1			No

9248	Native American Housing Block Grant, Recovery Act	The Settlement - The project is the development of nine single family homes for the Tribe?s elders. All homes are green construction and built on a 36-acre parcel located in Wayland Twp., MI., on 128th Ave. To meet the elders? needs, the homes are a mixture of barrier free and general floor plans. Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland?s scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe?s rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors.	1	EA	done	1		8/25/2010	Yes

9381	Public Housing Capital Fund, Recovery Act	Partial Demolition and Construction of New Units at Garden Valley - The Garden Valley Phase III initiative will consist of 69 replacement public housing units to be built on the land area between Port Avenue, Carson Avenue, and East 71st and East 73rd Streets in the City of Cleveland's Kinsman neighborhood. CMHA will relocate residents and demolish 136 units at the site to prepare for this new development. The new development will consist of 69 ACC/LIHTC units in primarily two-story townhouse structures ranging from 4 to 7 units each along with single family detached homes. The project also includes the construction of new streets and related infrastructure improvements. All units will have individual entrances, and all accessible units will be one-story flats. The construction will be wood frame, and each unit will have its own utilities, meters, and heating and air conditioning systems. The building envelope is detailed and insulated to achieve an Energy Star rating. The mandatory requirements of the Green Communities will be met. Prior phases of development at the site have been designed to meet the Enterprise Green Building Criteria. The site is compact, walkable,	1	EA	done	1		11/4/2009	Yes

9635	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at www.metrocouncil.org/environment/watershed. The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	done	1		2/3/2010	Yes		
9636	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	done	1		6/2/2010	Yes		
9637	Public Housing Capital Fund, Recovery Act	Leon Gardens - 320 units at four locations that will have bathtubs replaced,wall painted, ceiling replastered,cabinets replaced, door knobs and roofing replaced. - 65 Castellano Circle, Brownsville, TX	1	EA	done	1		11/13/2009	Yes

10104	Community Development Fund, Recovery Act	Laurel Park Roadway and Entrance Project - A new access road and entrance into low and moderate income apartment complex owned and managed by St. Louis County Housing Authority. Laurel Park Apartment community is a large complex of recently rehabiltated units. The complex consists of 396 units that is owned and manged by the Housing Authority of St. louis County. Present access to this affordable complex involves a circuitous route through an adjacent neighborhood. Limited access effects marketability and has an impact on certain services, including emergency response. A new point of access to Laurel Park off of Lucas and Hunt Road will produce a number of benefits for those living in the complex as well as those residents who live adjacent to the area. In addition to the new roadway, sidewalks and improved grading will make Laurel Park better accessible to public transportation and to the County highway that runs by the property. - 9561-9604 Jacobi, St. Louis County, MO	1	EA	done	1		2/8/2010	Yes

10185	Home Investment Partnership Program, Recovery Act	Eastside Revitalization III - This project will rehabilitate, according to Section 106 standards, and modernize 17 structures on scattered sites in the city of Covington, Kentucky. Each of these structures are currently vacant and dilapidated. In come cases, once rehabilitated these current single-family structures will be broken up into 2, 3, 4 unit buildings. These affordable units will have upgraded, market rate finishes, including bamboo hardwood floors, ceramic tile kitchens and baths, upgraded cabinetry, energy star appliances and high efficiency HVAC units. - Scattered Sites in Covington, Kentucky, Covington, KY	1	CE	done	1		1/7/2010	Yes		
10186	Home Investment Partnership Program, Recovery Act	Edgewood Apartments - The Edgewood Apartments Project is an existing Rural Development financed affordable housing community. This project is going to provide needed funding to address deferred maintenance; modernize the complex, and, add essential energy-efficient features to preserve the property as an affordable housing complex. - 734 National Turnpike, Munfordville, KY	1	CE	done	1		1/11/2010	Yes		
10187	Lead Hazard Reduction, Recovery Act	Healthy Homes Demonstration - Re-insulate, storm door repair,install dryer vent, bath fan, furnace filter, air duct cleaning; repair toilet, windows, roof; airseal; install CO alarm, clean gutters, repair chimney - 15453 9th Ave SW, Burien, WA	1	CE	done	1		8/5/2010	Yes		
10188	Lead Hazard Reduction, Recovery Act	Healthy Homes Demonstration - Install ventilation system; wrap water heater pipes; repair tile flooring; repair deck railing; replace carpet - 10407 Aqua Way South, Seattle, WA	1	CE	done	1		8/5/2010	Yes		
10189	Home Investment Partnership Program, Recovery Act	Wilart Arms Apartments - The Wilart Arms Apartments is an existing affordable housing apartment community. This project is going to provide needed funding to address deferred maintenance, address asbestos and lead safety issues and modernize the complex. A primary focus of the work will be to improve the quality of housing for the residents of this building, and the community at large. A major consideration for the scope of the project is to reduce the density of housing units on the site, from the current 100 units to a proposed 66 units in addition to improving the parking and exterior condition of the building. This work will improve the viability of the property over the long term, and the quality of life for the residents and the surrounding neighbors. This reduction in the number of units will allow for a change in the unit mix of the building. Currently, all of the units are one ¿ bedroom units, and the renovation will provide the space to incorporate a good mix of two and three bedroom units. This change will allow for more families to reside in the property as opposed to primarily being occupied by single individuals. -	1	EA	done	1		12/23/2009	Yes

10316	Community Development Fund, Recovery Act	Solar Tubes for Park Restrooms - Due to roof warranty restrictions were are unable to proceed with this project. Funding will be reallocated to one of the other HUD approved projects. The initial plan for the solar tubes for restrooms project is below. The project is for the installation of solar tubes in all applicable park restrooms. A solar tube provides light like a skylight, but doesn¿t require major structural changes which makes this is a cost effective alternative to improving energy efficiency. Solar tubes eliminate the use of fluorescent lighting during daylight hours. The concept of solar tube lighting is to reduce energy consumption by installing solar tubes in the restroom roof tops. This natural light source provides the bulk of the lighting requirements as most of our parks are open from dawn to dusk. During periods of low light a photo cell and timer will cut florescent auxiliary lights on and off as needed. Savings in excess of 30% can be expected. - Mulitiple parks in low/mod census tract areas, Norfolk, VA	1	CE	done	1			Yes		
10317	Community Development Fund, Recovery Act	Chesterfield Heights Community Resource Center - Second Chances was established in 1999, as a partnership between the City of Norfolk, Virginia and The STOP Organization to address the growing need for re-entry programs for ex-offenders. Second Chances is proposing to utilize the facility formerly known as Stan Hope House located at 2715 Stanhope Avenue as a permanent supportive housing facility for non violent, formerly incarcerated women who may be homeless or imminently homeless women offenders returning to Norfolk from incarceration. Funding would be used to rehabilitate the Stan Hope House for energy efficient upgrades by replacing the HVAC systems, windows and doors. The facility was previously used as a youth group home and housed as many as 32 youth offenders in 8 rooms using a formula of 4 persons per room. Second Chances is seeking to place two persons per room in a shared room type concept - to include the added benefit of supportive services on sight and a rent structure that charges a maximum of 30% of income for each resident. In addition, Second Chances proposes to establish a ¿Community Relations Advisory Board¿ to consist	1	CE	done	1		5/27/2010	Yes

11082	Home Investment Partnership Program, Recovery Act	Historic Bastrop High School - The ARRA Tax Credit Assistance Program (TCAP) provided critical funding for the conversion of a derelict, but historic building-the Historic Bastrop High School- into 76 units of housing for the elderly. The Louisiana Housing Finance Agency awarded the project $1,000,000.00 in TCAP funding, and an additional $800,00.00 in Tax Credits. Additional funding included HUD Hope VI, HOME, 1602 Exchange, HUD Main Street, State and Federal Historic Tax Credits, and $4 million in private tax credit equity. The TCAP assistance allowed the private developer, 715 S. Washington Street, LLC to close the gap on a total project cost of $13 million. The project converts a public nuisance into a project that supports the Bastrop Main Street downtown redevelopment plan. The National Historic Register building had deteriorated since it was replaced by newer school facilities. The enviromental review identified numerous issues with the unsecured building. It had become structurally unstable, and had mud in the basement. Stop gap measures such as tarps and kiddie pools under leaks were	1	EA	done	1		12/22/2009	Yes

11124	Community Development Fund, Recovery Act	City of Naples-Anthony Park - The City of Naples proposes to provide irrigation to support community landscaping improvements to a City owned vacant parcel located adjacent and contiguous to Anthony Community Park within the River Park Community. Anthony Community Park serves the River Park community as well as the George Washington Carver Section 8 Apartment complex. The parcel is located at 15 5th Avenue, North, Naples, FL (Folio # 181635200008), on the south side of Anthony Park and on the west side of 5th Avenue North. This project will expand the use of the existing developed park. It is estimated this project will retain .28 of full-time equivalent employees (FTE¿s) which was determined by OMB formula. This project will only support the retention of FTE¿s, by using the CDBG-R funds award to the City of Naples for payment. - 15 5th Ave N Folio#(181635200008), Naples, FL	1	EA	done	1		3/2/2010	Yes

11431	Community Development Fund, Recovery Act	Lake Worth CRA Tier I Assessment - In February 2010, the Lake Worth Community Redevelopment Agency (CRA) was granted $23.2 million as part of the Neighborhood Stabilization Program II (NSP II) Grant through the American Recovery and Reinvestment Act of 2009 (Recovery Act) to undertake a project to address home foreclosure and residential property abandonment. The boundaries of the funding area will be the Lake Worth CRA area and the total budget for the undertaking is $23.2 million. The following activities will take place in the CRA area: Acquisition, Rehabilitation, Land Banking, Demolition, and New Construction. As required by NEPA, a Tier I environmental assessment of the CRA area was conducted. The assessment was conducted by Cardno TBE (a qualified environmental engineering and consulting firm) based in Tampa Florida. As a result of the assessment, the City of Lake Worth CRA has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. This	1	CE	done	1		2/1/2013	Yes

11705	Community Development Fund, Recovery Act	Pedestrian Access to Light Rail - Pedestrian access for Light Rail is proposed for the purpose of eliminating existing pedestrian barriers to the Light Rail Stations. The concept is to provide a barrier free, ADA-compliant corridor based on a twenty minute walk to all Rail Stations. The principle obstructions are curbs and damaged sections of sidewalk. This project will contribute to the protection and preservation of the environment through a multimodal transportation system. By providing an effective, energy conscious alternative for commuters Light Rail will directly contribute to the a decrease in the carbon emissions as commuters opt to utilize public transit in lieu of their personal automobiles. Providing pedestrian access to light rail stations makes the commuter¿s decision to use light rail both eco-friendly and convenient. - North-South Corridors, Norfolk, VA	1	CE	done	1		8/3/2010	Yes

The property is northeast of downtown Sacramento on the south side of Interstate 80 and approximately two miles east of McClellan Air Force base. The property is in an un-incorporated area of Sacramento County with a City of Sacramento address and zip code. This is within an area that has previously attempted to incorporate as Arden-Arcade but this area has also been of interest to the City of Sacramento for annexation. The project was originally constructed in 1972 and underwent significant renovation in 1995/96 as part of an ownership change. In 1972 100 dwelling units were constructed in 11 two-story, wood-framed buildings consisting of three four-plex, five eight-plex, and three sixteen-plex structures. When the current owner acquired the property in 1994/95 a partial renovation was done to correct electrical, mechanical, site, and interior finish deficiencies. During this renovation two 2- bedroom units in Building 9 were converted into a community room and offices. Site improvements included new	1	CE	done	1		5/11/2010	Yes
