376	Community Development Fund, Recovery Act	YWCA Windows - The Muncie YWCA is listed on the National Register of Historic Places and includes 41 sleeping rooms, 4 apartments, and common areas, such as laundry room, adult learning center with computers, a craft and study area, and a children¿s learning and play room. The Muncie YWCA is a member of the Homeless Provider Network and is the only facility in Muncie that provides emergency shelter 24 hours/7 days per week for women and children. The YWCA¿s existing 214 wood windows are leaky, and many no longer latch, resulting in significant infiltration. The existing storm windows are triple-track type and are deteriorated. The City will restore 141 wood windows, install 214 new storm windows, and weather strip. The project should greatly reduce energy usage and related costs for the facility while improving occupant comfort and safety. It will also eliminate the need for YWCA staff to spend hours taking temporary measures against energy loss, such as installing plastic window films. Since the building is listed on the National Register	1	CE	done	1			Yes

2624	Community Development Fund, Recovery Act	City of Franklin - Business Incubator Build-Out - This project will expand an immensely successful business incubator program that has operated at capacity since it was initially opened. The Franklin Business Incubator has an existing waiting list for services and will quickly make use of additional space provided by this expansion. Currently, the Incubator is home to twenty-eight (28) businesses employing one hundred and twenty (120) individuals ¿ sixty-two (62) full-time and fifty-eight (58) part-time employees. The remaining part of the building will be built-out in order to accommodate up to eighteen (18) more businesses employing seventy-seven (77) individuals so that they operate in the City of Franklin and surrounding communities. The creation of this build-out will serve to maximize job creation and economic development benefit for not only the City, but also the region and Commonwealth of Virginia. The project is expected to create up to 77 new, permanent jobs in Franklin and the surrounding counties. It is also expected to create 15 temporary construction jobs. - 207 West Second Street, Franklin, VA	1	EA	done	1		11/17/2009	Yes

2660	Community Development Fund, Recovery Act	Mercy Housing Shepherd Home - A 70 bed long-term transitional residential facility for homeless men & women working toward self-sufficiency & permanent housing, operated by Mercy Housing & Shelter Corp (MHSC) in Middletown on the campus of CVH since 1988. Necessary improvements have been postponed due to a lack of funding, including upgrading the kitchen, an area of just over 200 sq. feet in which 210 meals per day are prepared and cooked. The current kitchen lacks space & surfaces for adequate food preparation & for post-prep of cooked food. By utilizing an adjacent room, the work area will expand fro 209 sf to a total of 489 sf and allow for separate food prep & cooking/post-prep areas - and more efficient, hygienic meal production. Improvements will benefit over 140 different homeless men & women during the 1st year and each year thereafter. Mercy's Director of Facilities planned the project in consultation with plumbing & electrical professionals, the Middletown Health Inspector and CVH authorities. - 112 Bow Lane, Middletown, CT	1	CE	done	1		12/1/2009	Yes

2709	Community Development Fund, Recovery Act	Charles Ave. Drainage Project - The project consists of adding curb, gutter and storm drainage structure on Charles Ave from James Street (131 Charles Ave) south to 173 Charles Ave. The Project includes 470 LF of 24" HDPE pipe, 4 new catch basins, modifications to an existing inlet and approximately 500 LF of curb and gutter. Currently, road drainage from Charles Ave is discharged into the front yard of 131 Charles Ave and flows across the front yards of 5 houses until it reaches an inlet in front of 173 Charles Ave. The cross yard flow causes flooding and potential damage to the homes. This project would remove the cross yard drainage and confine the roadway drainage to the roadway, until it reaches the discharge point. - 131 Charles Ave. to 173 Charles Ave., Marietta, GA	1	EA	done	1		9/9/2009	Yes		

2710	Public Housing Capital Fund, Recovery Act	Housing Authority of the City of Fayette, MO ARRA Capital Fund Grant - ARRA funding will be used for site improvements & dwelling structures exteriors. - 302 Villers Drive, Fayette, MO	1	CE	done	1			Yes

2712	Community Development Fund, Recovery Act	St. Vincent DePaul - St. Vincent DePaul Place operates the Soup Kitchen and the agency's administrative, outreach and housing support offices out of a facility at 617 Main Street. This facility is owned by the Diocese of Norwich but is maintained by St. Vincent DePaul Place. The Community Health Center (CHC) has a proposal to develop a new health care facility that would include their medical, mental health and dental clincs on a new site. If the CHC project is approved, CHC's medical facility at 625 Main Street would become vacant. St. Vincent DePaul Place would like to transfer the ownership of its current facility to CHC and recieve title to the CHC medical facility. This project would be contigent upon the approval of the CHC proposal and sufficient funding to cover the costs of renovation and relocation. We would vacate the 617 Main Street building and move our programs off the Main Street site to the property in the rear. This project will involve transforming the current medical building into a soup kitchen, with refrigeration, pantry, and offices. St. Vincent DePaul Place does not have the funds available to	1	CE	done	1			No

2726	Community Development Fund, Recovery Act	Fries - Volunteer Fire Department Relocation Project - The Town of Fries is relocating the fire station as the cornerstone of the economic restructuring strategy the Town has developed. The revitalization strategy and Master Plan has been very community-driven and has the full support of the neighboring localities and the regional economic development entity. This strategy, which includes future revitalization efforts in the adjacent business district, centers upon heritage and ecotourism as the future for economic development for the Town. Development of these opportunities along the New River, with this site as a premiere outdoor recreation and business center, will help create a sustainable economic development anchor for the town and lead to a economic boost for the region by driving more visitors to this new destination. Revitalization of the site will provide a much needed boost for the Town and the region, a region that has been hard hit by the overall economic slowdown and by the closing of a number of manufacturing and textile-based industries that were once widespread through the area. The project is expected to create	1	EA	done	1		7/10/2009	Yes

3264	Public Housing Capital Fund, Recovery Act	Columbia Center Revitalization - The award of funds will allow the acceleration of the comprehensive Planned Unit Development of the Columbia Center public housing project. This plan has been gradually implemented since 2001 due to limited funding. Transformation activities include demolition and renovation of existing obsolete units, the construction of new duplex units within the development. The targeted public housing project, which original consisted of 400 units on 40 acres, was built in 1942 and meets the definition of physical distress housing. The existing unit structures have outlived their useful life and the floor plans are outdated and inefficient. There are serious deficiencies in the original design (including but not limited to accessibility, kitchens, bathrooms and mechanical, electrical and plumbing systems). There is obsolescence of major systems, both building and site. The funds will allow us to help redevelop this development that is distressed and a blighting influence on the surrounding community. The surrounding community is a stable and well functioning community with proximity to retail stores, two	1	EA	done	1		12/7/2006	Yes

4340	Public Housing Capital Fund, Recovery Act	Indianapolis Housing Agency ARRA Capital Fund Competition Grant - Category 2 grant will be used to pay for eligible Capital Fund activities and expenses that help achieve the objective of redeveloping public housing that is distressed and a blighting influence on a surrounding community by identifying a replacement project that is located in a census tract with a concentration of poverty that does not exceed 40% and is located in a stable, well-functioning community or a community that lacks resources but has already been targeted for revitalization. Through this opportunity, the PHA will use the CFRC funds to create new public housing units to replace units that were lost through the disposition and demolition of Clearstream Garden Apartments. Specifically, the PHA is proposing to invest in public housing transformation by creating 47 new units of replacement public housing that will be located in three separate properties: Caravelle Commons (21 units), Trail Side (13 units), and St. Clair Apartments (13 units). In total, these three properties ¿ all of which are Low Income Housing Tax Credit projects ¿ will create 188 units of	1	CE	done	1		9/1/2010	Yes

4748	Native American Housing Block Grant, Recovery Act	East Kapolei II - East Kapolei II is a 374 acre master planned community located in the Ewa Plains of O¿ahu that will yield approximately 1,000 single family homes, 1,300 multi-family rental units, an elementary school, a middle school, recreational parks and a community center when completed. Approximately 20% of infrastructure costs for the single family homes in East Kapolei II will be funded with Native Hawaiian Housing Block Grant or American Recovery and Reinvestment Act funds. Of the 1,000 East Kapolei II units, approximately 200 units will be reserved for NAHASDA eligible households. East Kapolei II is a multi-year, multi-increment development project and the ARRA funds will be focused on infrastructure improvements for East Kapolei II, increments B & C. House construction for East Kapolei II is expected to begin in 2011 and should run through 2017. The project¿s major types of activities are on and off site infrastructure construction, consultants, house construction loans or down payment assistance grants, self-help technical assistance, and utility fees. - Ewa, Oahu, Ewa, HI	1	EA	done	1		12/9/2009	Yes		
4749	Community Development Fund, Recovery Act	Housing Rehabilitation - Energy Efficiency Small Repair program,an extension of the Housing Rehabilitation Program, to assist Low to Mod Income homeowners through this small repair program. The program is under tiered review as sites are undetermined at this time; site-specific reviews will be conducted, completed prior to implementation of repair, and located per individual file. The City previously completed a tiered review under its 2008 plan housing rehabilitation program, strategy for unspecified sites for single family rehabilitation, with funding supported by its Community Development Block Grant (CDBG) funds. Upon a secondary review,the proposed CDBG-R program activities do not involve substantial changes in the nature, or extent of housing rehabilitation activities previously approved under the City of McKinney¿s CDBG Program and previously reviewed as a part of the referenced tiered review for unspecified sites. - 314 S. Chestnut Street, McKinney, TX	1	CE	done	1		12/30/2009	Yes		
4750	Native American Housing Block Grant, Recovery Act	Rehabilitate Homes - We have updated 10 homes so far in many areas, such as new roofs on older units, added porch coverings. Our senior center has had an elevator installed to ensure those in wheelchairs access to the basement for severe weather. We are also in the process of updating our boiler system on the senior center. Have plans to install 100 new programable thermostats in our rental units to help save energy, as well as taking care of ventalation and mold issues in a number of our units due to poor ventalation and insulation. - 3265 IndianSettlement Rd., Crandon, WI	1	CE	done	1			No

4752	Community Development Fund, Recovery Act	Economic Development Tri-City Port District - Reconstruction and upgrade of a dry-bulk grain facility (Red Dock) located near Rock Road in Granite City to replace functionally-obsolete and pontentially unsafe equipment. - 1635 W. 1st Street, Granite City, IL	1	CE	done	1			No		
4753	Public Housing Capital Fund, Recovery Act	Albright Terrace-Site Improvements - Replace concrete sidewalks, ADA ramping, Seal and stripe parking lot. - 129 Milan Avenue, Amherst, OH	1	CE	done	1			No		

4754	Community Development Fund, Recovery Act	Streetscape Improvements - Streetscape improvements which may include crosswalks, curbs, benches, planters, lighting,signage and trash receptacles. - 6th-7th at Northampton, Plne St., Easton, PA	1	CE	done	1		10/16/2009	Yes		
4755	Public Housing Capital Fund, Recovery Act	LA48S027501-09 - Completely gut and renovate six two bedroom units which includes new kitchens, bathrooms with showers, bedrooms with large walk in closets and storage areas,and living room with storage areas under the stairs and central heating and air co nditioning units. - 325 North st., New Iberia, LA	1	CE	done	1			No		
4756	Community Development Fund, Recovery Act	Roof/Envelope Program - The program will focus greatly on exterior repairs of existing occupied housing units. The program wil also involve limited interior repairs and the program funds will benefit low to moderate income households and individuals. - Scattered site program, Toledo, OH	1	CE	done	1		10/13/2009	Yes		
4757	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	The Moorings - The project is a 200 unit multi-family apt complex. - 8491 Old Spanish Trail Road, Oensacola, FL	1	CE	done	1		6/2/2010	Yes		
4758	Community Development Fund, Recovery Act	Park East Road Reconstruction - The proposed activity involves the reconstruction of streets and roadways in the low to moderate income eligible Park East Neighborhood, Census Tract 608.00 and Block Groups 1, 5, and 6, all of which exceed the 51% low to moderate income requirement according to the 2000 Census. The Park East Neighborhood is the primary location associated with the City¿s Neighborhood Stabilization Program and has been hit particularly hard by foreclosures. The street reconstruction will ensure that the City¿s strategy of improving this neighborhood continues as does its commitment to assisting those most impacted by the recession. The state of the current street system in this neighborhood requires rehabilitation and over the years it has begun to deteriorate. With this activity, the City will invest in its current transportation system by improving the streets in the most impacted neighborhood in the City. The activity directly minimizes reductions in essential services, as roads are essential to all communities. The construction industry in Florida has been especially hard hit by the recent economic downturn. This much needed road resurfacing	1	EA	done	1		5/7/2009	Yes		
4759	Community Development Fund, Recovery Act	County of York ADA Improvement Program - Removal of material and architectural barriers that restrict the mobility and accessibility of elderly and severely disabled persons to County facilities. - County of York, York, PA	1	EA	done	1		6/30/2010	Yes

4763	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. The road length is approximately 1,900 linear feet and is a main East-West connector in the Village of Kenmore. The road links both Elmwood and Delaware Avenues and connects the main municipal building, the police station, and a neighborhood park. It has been considered a multi-year project under the regular CDBG program from 2004-2009. Funds have been allocated in each of those program years to help pay for the reconstruction of all new underground utilities, road resurfacing, sidewalks, and landscaping. The total estimated cost for the project is $2.2M. Engineering for the project is complete and the bids have been received for the construction of the entire road length during 2009 and 2010 at a cost of $1.7M. The total regular CDBG funds to be spent on the project equal $1,083,819.78. CDBG-R funds equal $101,024. The $600,000 shortfall will be paid through municipal bonds. The economic impact of the CDBG-R funds may be	1	EA	done	1		5/19/2009	Yes

4938	Community Development Fund, Recovery Act	City of Santa Maria Fire Station No. 3 Construction - The City's Fire Department provides all risk emergency services, as well as public education programs, fire prevention, and life safety measures to the City's residents. The City is divided geographically into fire management zones and each zone is assigned to a fire company officer. Each company officer is tasked with fostering positive working relationships with business and residential customers within their respective zones. This is accomplished through proactive contacts in a non-emergency atmosphere. These services support the Fire Department's mission of effectively preserving lives and protecting property. Based on the geographic expansion and new residential development that has occurred particularly in the northern area of the City over the last few years, the City's Fire Department has seen an increase in the number of calls for service in that area. In particular, in 2008 the northwest area had the highest call volume of all other areas with 3,530 calls (40 percent) of the total 8,841 calls for the entire City being from that area. Of	1	EA	pending		1		No

5064	Native American Housing Block Grant, Recovery Act	Oneida Tribe of Indians of Wisconsin Amendment Grant - This is an update on the 32 home stimulus grant for July 1, 2010-September 30, 2010. During these months we worked on 6 units and are currently workin on 1. We did one unit with metal roofing due to an emergency and the rest of the units work consis of insulating with foam: windows, box sills, interior basement walls. We foam all the penetrations in the attic to separate the attic from the living areas of the units. Change bathroom fans and ducting them to the outside. We have been starting to add dehumidifiers to the basements also. Energy efficient shower heads are being installed. We also change the smoke alarm to a carbon monoxide/smoke alarm combo throughout the house if it has not already been done. With work listed above we have 15 out of the 32 homes completed. In the three months we have 1558.75 man hours which totals $36,858.64 in payroll and $11,756.06 in materials and supplies. - Various sites within the Oneida Reservation boundaries, Oneida, WI	1	CE	done	1			No

5311	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Fred Wessels Homes - Reducing energy consumption in Fred Wessels Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of &lt.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. Energy conservation retrofits will include replacing the standard incandescent type lighting	1	EA	done	1		2/26/2010	Yes

5440	Community Development Fund, Recovery Act	Housing Market Analysis - The Housing Market Study would be a detailed analysis of the current housing stock and would identify needs for future housing. The study would also show how Baytown¿s available housing compares to other cities in the Houston metropolitan region. This type of analysis has never been conducted in Baytown. The Consolidated Plan includes a cursory review of housing based on out-dated census information, but a more in-depth study will provide a clear assessment of housing needs (single-family and multi-family), foreclosure trends, gaps in available housing market, and help identify opportunities for future housing development. Data gathered in such a study would also provide guidance to draft policies for housing and neighborhood redevelopment. As more federal funding is becoming available for neighborhood revitalization efforts, the Housing Market Study would help Baytown take advantage of these opportunities. The estimated budget will not exceed $22,032. The required procurement process for consultant services would be used to secure this product as per 24 CFR 85.36. The use of CDBG-R funds for the	1	CE	done	1		11/2/2009	Yes

Attachment 9B: Department of Housing and Urban Development Spreadsheet

5480	Public Housing Capital Fund, Recovery Act	Legacy Heights Apartments - The Funds will be invested as leverage in a Green Communities project. The project - Legacy Heights - will provide 64 rental, public housing, units for low and very-low income households. The project will be constructed on the demolished Wooddale Park public housing site located in Alexandria, Louisiana. The expected outcomes of the proposed Green Communities project include: the development of an energy effecient community which will generate resident and PHA enery savings; a reduction in Green House Gas emissions attributable to the energy consumption of the project; significant water conservation measures on-site, and; the creation of connections to neighborhoods and green space. In addition, the construction of the project will be tied to specific job creation and economic opportunties for low and very-low income persons through an ongoing partnership with the Rapides Business and Career Solutions Center. The center will partner with the Recipient to provide youth employment opportunities, work experiences and other activities that expose youth to "green" education and career pathways through the project. - 2855	1	EA	done	1		1/18/2010	Yes

5493	Public Housing Capital Fund, Recovery Act	Belding housing Commission 2009 ARRA Capital Fund Program - Repair and replacement of roofs at three elderly housing developments, encompassing 110 units. - 41 Belhaven Street, Belding, MI	1	CE	done	1			No		
5494	Community Development Fund, Recovery Act	Sidewalk and Alleyway Reconstruction Program - The Sidewalk and Alleyway Reconstruction Program would provide over 8,000 linear feet of infrastructure improvements in the CDBG target areas. The Public Works Department crews will survey the needs and determine the scope of work for each site. Based on preliminary surveys within the target areas, the Public Works Department estimates a budget of $200,500. The use of CDBG-R funds are for materials only. The Public Works Department utilizes in-house labor to stretch the limited CDBG dollars and provide maximum improvements in the low to moderate income neighborhoods. The use of CDBG-R funds for sidewalk and alleyway reconstruction is consistent with Baytown¿s major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This substantial amendment employs the listed priority of providing essential infrastructure improvements. Title XII of Division A and Section 1602 of ARRA	1	CE	done	1		11/2/2009	Yes		
5495	Native American Housing Block Grant, Recovery Act	'37 Act Modernization - Project will address health, safety, energy conservation, and weatherization issues. 5859	Community Development Fund, Recovery Act	HOPE House HVAC upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be $5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER. The building is located in the Emily Kimbrough	1	CE	done	1			Yes

5923	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Kivel Manor - Kivel Manor is a building for Seniors located in Phoenix, Arizona. The approximate 4.0-acre site is situated on the east side of North 36th Street, approximately 7 miles east of downtown Phoenix. The overall site has 3 buildings remaining as ¿Kivel Campus of Care¿, including Kivel Manor, which is the only building addressed in this report. Kivel Manor East and Kivel Manor West have been reviewed on other GRPCA reports. The adjacent nursing home area has been sold and is being torn down at this time. Kivel Manor includes two 4-story buildings with a one story attached common area between the two buildings. It should be noted that the two 4 story buildings are called East and West wings. A total of 120 apartment units are provided. In 2005 the building had extensive renovations completed, which modified 30 existing units to make them Assisted Living compliant Units. The Assisted Living units are all located on floors one and two in the west wing. In 2005 these two floors and common areas had asbestos abatement and had a fire sprinkler system installed during the renovations. The remaining units still have asbestos containing materials in the units and	1	CE	done	1		6/30/2010	Yes

5955	Community Development Fund, Recovery Act	Recovery Project - The Town of Weymouth, MA funded a neighborhood paving project with its American Recovery Reinvestment Act funds under its Community Development Block Grant program. The project's purpose is to provide roadway improvements on Georgia Road, Kent Road, Verndale Road and Durant Road in Weymouth, MA. Improvements include milling and overlay paving to existing roads in need of repair. The Weymouth Department of Planning & Community Development and Weymouth Department of Public Works coordinated this effort. The Department of Public Works provided survey work, inspections and construction oversight. The work was performed by Aggregate Industries. The Town completed an Environmental Review Statement and a Statutory Checklist and found this activity to be Categorically Excluded as defined in 24 CFR Part 58, Section 58.35(a)(1). - Georgia, Kent, Durant, Verndale Road, Weymouth, MA	1	CE	done	1			No

6444	Community Development Fund, Recovery Act	FIND Regional Food Distribution Center - CDBG-R funds will be used by the County and its sub-recipient, FIND Food Bank, Inc., a non-profit organization, for improvements and upgrades to FIND¿s 36,000 square foot regional food distribution center located in Indio, CA. Improvements include the construction/installation of fixed racking, in-ground scales, and other facility upgrades. The upgrades to this new facility will provide FIND with modern, energy efficient, and properly designed food distribution center that serves other non-profits, shelters, food banks, and other emergency food centers throughout eastern Riverside County. The new facility is located in close proximity to Interstate 10 allowing for greater access; the in-ground scales will expedite the weighing and distributing of food supplies; and the new layout and racking systems will significantly improve inventory control, safety, and product flow. - 83-775 Citrus Avenue, Indio, CA	1	EA	done	1		10/10/2009	Yes		
6445	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds area made available to the County. However, there will be some factors that may delay the project	1	CE	done	1		9/9/2009	Yes		
6446	Community Development Fund, Recovery Act	Mammoth Lakes Housing Rehabilitation Project - Acquisition and rehabilitation of a tri-plex in order to meet health and safety requirements. 6840	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and	1	CE	done	1			No		
6841	Home Investment Partnership Program, Recovery Act	Belen Apartments - The Belen Apartments are an acquisition / rehabilitation of an existing 40 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect (Autotroph) to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The structure will be built on an adjoining parcel and will include offices for the social programs, modern laundry facilities and expanded recreation room with computers for tenant use, leasing offices along with a new manager¿s unit. The existing manager unit will be gutted and converted into a 3 bedroom handicap	1	CE	done	1			No		

6842	Home Investment Partnership Program, Recovery Act	La Pradera Apartments - La Pradera, a project in NE Hobbs was awarded points under Tax Credit Design Competition. The developers have invested considerable time, effort and funds to involve the community to develop and affordable housing community to help alleviate the severe housing shortage for low to moderate income families in Hobbs. La Pradera has developed a comprehensive social service plan for households with children including on-site childcare, financial/computer/job training/gardening seminars. Each unit will contain a private courtyard to allow safe play outside by young children and allow supervision. The developer has been working with the city to connect the school campus by extending the city¿s street grid and include a walking trail. The site will originate east to west to maximize solar gain. La Pradera intends to receive LEED for Homes Silver or greater. Nearly 1.6 acres will be set aside for native grassland open space. Landscaping will utilize native drought resistant plants, shrubs, ground cover and trees. There will be one (6), two (36) & three (18) bedrooms with 744 sq ft, 885 sq ft & 1,157 sq ft respectively. Net rents will range from	1	EA	done	1		9/20/2009	Yes

Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. - 1221 ¿ 1229, 1444 and 1450 Kemble Street; 108 and 110 Hobart Street; 722 ¿ 724 and 726 ¿ 728 Noyes Street, City of Utica, NY	1	EA	done	1		12/9/2009	Yes		
7955	Home Investment Partnership Program, Recovery Act	Orcutt Townhomes III - Orcutt Townhomes Phase III is the continuation of the redevelopment of the former Orcutt Homes public housing project. Previously the developer, the Newport News Redevelopment and Housing Authority has replaced over 100 units of public housing with the Ashe Manor midrise, consisting of 50 units for elderly and disabled households; and Orcutt Townhomes Phase II, consisting of 40 units for families. Orcutt Townhomes Phase III will feature 30 units for families in two and three-bedroom townhouse dupexes and garden style apartments. The developer will utilize the principles of universal design to the greatest extent possible and will incorporate green building techniques enabling the project to receive Earthcraft Virginia certification. The rents for every unit will be paid from the NNRHA's Annual Contributions Contract and as a mixed-finance project there will be no hard ebt service, therefore our debt service coverage ratio , and annual increases in revenues and expenses appear to be outside of VHDA's standards. - 3200 & 3500 Blocks of Orcutt Avenue and 1000 Block	1	EA	done	1		12/22/2009	Yes

The Mulford Gardens HOPE VI Revitalization Plan was developed in conjunction with the Ashburton Avenue Master Plan and Urban Renewal Plan. The proposed project will also receive HUD HOPE IV funding. The Project site is two parcels located at 1 Loehr Place and 9 Vineyard Avenue. The Project includes construction of four, 3- and 4-story rental apartment buildings and a single story community facility located at 1 Loehr Place and 9 Vineyard Avenue. The five building complex will include elevators and laundry facilities in each residential building. The community building will include the management office, maintenance office, exercise room, business center and a community room. There will be 100 on-grade parking spaces available for tenants and visitors. Pursuant to the National Environmental Policy Act of 1970 and its	1	EA	done	1		10/7/2009	Yes		

8182	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	CE	done	1		12/4/2007	Yes		
8183	Native American Housing Block Grant, Recovery Act	Twin Hills Sub Rehab - Purchase and install Windows and Doors and insulation. - Lot 5a,9a,11a,2,1,3,7a Twin HIlls Sub, Twin Hills, AK	1	CE	done	1			No		
8184	Home Investment Partnership Program, Recovery Act	Villa West Apts. - Villa West Apartments is a Preservation Project consisting of acquistion and rehabilitation of 48 units with Section 8 site based rental assistance. Funds will be used to keep the project affordable and available to low income families. - 201 SW Agee Street, McMinnville, OR	1	CE	done	1		9/15/2009	Yes		
8185	Native American Housing Block Grant, Recovery Act	Clarks Point Sub Rehab - Energy Rehab of 1 unit, installing doors, windows, monitor heater, inside wall panels, efficient hot water heater - USS 4992, Track B, Lot 6, Clarks Point, AK	1	CE	done	1			No		
8186	Native American Housing Block Grant, Recovery Act	Ekuk Sub Rehab - Purchase and Install TOYO Heaters - P.O. Box 530, Dillingham, AK	1	CE	done	1			No		
8187	Native American Housing Block Grant, Recovery Act	King Salmon Sub Rehab - Energy efficient heater installs to 4 units - Lots 1, 2, 4, Block 2, Bristol Sub, NA, King Salmon, AK	1	CE	done	1			No		
8188	Native American Housing Block Grant, Recovery Act	Low Income Housing Construction - The Tribe is constructing four low-to-moderate-income rental units and three single family houses within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The subdivision will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 4,050 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2 Block 3, Haines, AK	1	EA	done	1		3/21/2008	Yes		
8189	Community Development Fund, Recovery Act	ARRA ICDBG Rehabilitation Project - ARRA ICDBG funding will be used to leverage the existing rehabilitation funds allowing the Tribe to rehabilitate twice the number of homes anticipated (total homes will be 35). Rehabilitation focuses on health and safety issues with a priority given for handicapped and elderly. - Varied, Haines, AK	1	CE	done	1		6/17/2009	Yes

8891	Community Development Fund, Recovery Act	Bartolo Square North Improvement Project Phase I - The Bartolo Square North Neighborhood Street Improvement Project involves the construction and installment of a new polyvinyl chloride (PVC) 8¿ water main pipe lines to replace existing 8¿ cast iron pipes that are corroded. Due to the corrosion, water main breaks and leaks occur frequently. These leaks and breaks affect water quality and pressure as well as increase the potential for contamination of the drinking water system. The reduced water pressure affects fireline service to the area in the event of an emergency, but most significantly, main breaks result in a loss of potable water to the residents. The new proposed PVC water main pipe line is an industrial standard that prevents corrosion and has a greater useful life as compared to the cast iron pipe. PVC water pipe lines will provide residents with improved quality of potable water, improved water distribution and improved fireline service. The new water main pipe lines comprise of 6,796 linear feet and will be constructed and installed on Hill Street from Ventura Road to ¿¿ Street (2,200 linear feet) on ¿¿ Street from Wooley Road to	1	CE	done	1			No

9265	Native American Housing Block Grant, Recovery Act	The Settlement - The project is the development of nine single family homes for the Tribe?s elders. All homes are green construction and built on a 36-acre parcel located in Wayland Twp., MI., on 128th Ave. To meet the elders? needs, the homes are a mixture of barrier free and general floor plans. Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland?s scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe?s rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors.	1	EA	done	1		8/25/2010	Yes

9656	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at www.metrocouncil.org/environment/watershed. The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	done	1		2/3/2010	Yes		
9657	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	done	1		6/2/2010	Yes

10211	Home Investment Partnership Program, Recovery Act	Wilart Arms Apartments - The Wilart Arms Apartments is an existing affordable housing apartment community. This project is going to provide needed funding to address deferred maintenance, address asbestos and lead safety issues and modernize the complex. A primary focus of the work will be to improve the quality of housing for the residents of this building, and the community at large. A major consideration for the scope of the project is to reduce the density of housing units on the site, from the current 100 units to a proposed 66 units in addition to improving the parking and exterior condition of the building. This work will improve the viability of the property over the long term, and the quality of life for the residents and the surrounding neighbors. This reduction in the number of units will allow for a change in the unit mix of the building. Currently, all of the units are one ¿ bedroom units, and the renovation will provide the space to incorporate a good mix of two and three bedroom units. This change will allow for more families to reside in the property as opposed to primarily being occupied by single	1	EA	done	1		12/23/2009	Yes		
10212	Public Housing Capital Fund, Recovery Act	Public Housing Capital Fund Stimulus (Formula) Recovery Act Funded - The ARRA funds are for capital improvements of the dwelling structures. 10338	Community Development Fund, Recovery Act	Solar Tubes for Park Restrooms - Due to roof warranty restrictions were are unable to proceed with this project. Funding will be reallocated to one of the other HUD approved projects. The initial plan for the solar tubes for restrooms project is below. The project is for the installation of solar tubes in all applicable park restrooms. A solar tube provides light like a skylight, but doesn¿t require major structural changes which makes this is a cost effective alternative to improving energy efficiency. Solar tubes eliminate the use of fluorescent lighting during daylight hours. The concept of solar tube lighting is to reduce energy consumption by installing solar tubes in the restroom roof tops. This natural light source provides the bulk of the lighting requirements as most of our parks are open from dawn to dusk. During periods of low light a photo cell and timer will cut florescent auxiliary lights on and off as needed. Savings in excess of 30% can be expected. - Mulitiple parks in low/mod census tract areas, Norfolk, VA	1	CE	done	1			Yes		
10339	Community Development Fund, Recovery Act	Chesterfield Heights Community Resource Center - Second Chances was established in 1999, as a partnership between the City of Norfolk, Virginia and The STOP Organization to address the growing need for re-entry programs for ex-offenders. Second Chances is proposing to utilize the facility formerly known as Stan Hope House located at 2715 Stanhope Avenue as a permanent supportive housing facility for non violent, formerly incarcerated women who may be homeless or imminently homeless women offenders returning to Norfolk from incarceration. Funding would be used to rehabilitate the Stan Hope House for energy efficient upgrades by replacing the HVAC systems, windows and doors. The facility was previously used as a youth group home and housed as many as 32 youth offenders in 8 rooms using a formula of 4 persons per room. Second Chances is seeking to place two persons per room in a shared room type concept - to include the added benefit of supportive services on sight and a rent structure that charges a maximum of 30% of income for each resident. In addition, Second Chances proposes to establish a ¿Community Relations Advisory Board¿ to consist	1	CE	done	1		5/27/2010	Yes

11101	Home Investment Partnership Program, Recovery Act	Historic Bastrop High School - The ARRA Tax Credit Assistance Program (TCAP) provided critical funding for the conversion of a derelict, but historic building-the Historic Bastrop High School- into 76 units of housing for the elderly. The Louisiana Housing Finance Agency awarded the project $1,000,000.00 in TCAP funding, and an additional $800,00.00 in Tax Credits. Additional funding included HUD Hope VI, HOME, 1602 Exchange, HUD Main Street, State and Federal Historic Tax Credits, and $4 million in private tax credit equity. The TCAP assistance allowed the private developer, 715 S. Washington Street, LLC to close the gap on a total project cost of $13 million. The project converts a public nuisance into a project that supports the Bastrop Main Street downtown redevelopment plan. The National Historic Register building had deteriorated since it was replaced by newer school facilities. The enviromental review identified numerous issues with the unsecured building. It had become structurally unstable, and had mud in the basement. Stop gap measures such as tarps and kiddie pools under leaks were	1	EA	done	1		12/22/2009	Yes

11451	Community Development Fund, Recovery Act	Lake Worth CRA Tier I Assessment - In February 2010, the Lake Worth Community Redevelopment Agency (CRA) was granted $23.2 million as part of the Neighborhood Stabilization Program II (NSP II) Grant through the American Recovery and Reinvestment Act of 2009 (Recovery Act) to undertake a project to address home foreclosure and residential property abandonment. The boundaries of the funding area will be the Lake Worth CRA area and the total budget for the undertaking is $23.2 million. The following activities will take place in the CRA area: Acquisition, Rehabilitation, Land Banking, Demolition, and New Construction. As required by NEPA, a Tier I environmental assessment of the CRA area was conducted. The assessment was conducted by Cardno TBE (a qualified environmental engineering and consulting firm) based in Tampa Florida. As a result of the assessment, the City of Lake Worth CRA has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. This	1	CE	done	1		2/1/2013	Yes

12097	Native American Housing Block Grant, Recovery Act	Oneida Rental Energy Efficiency Program - 09-CT-55-49100 OCT 1, 2010-December 31, 2010: The beginning of Phase 2 began as winter began in Northeastern Wisconsin. The weather has slowed our normal summer rehabilitation pace, but we still managed to complete 4 units during the quarter, to include: Mold abatement, siding, windows, basement insulation, ventilation, doors, 4 complete bathroom renovations, and numerous energy efficiency measures completed. The OREEP program worked a total of 5265 hours, for a total of $73,865.00. Contracting costs were $90256.00. Material costs were $212,439. Material costs were high this quarter because I purchase 400 LED fixtures to replace inefficient lighting, and a seamless gutter machine. Staff training is progressing well as I personally train 2 staff members to become electricians and teach energy efficiency measures to the remaining 6 staff members. - Various units within the Oneida Reservation boundaries, Oneida, WI	1	CE	done	1			Yes

12347	Community Development Fund, Recovery Act	Lake Worth CRA NSP-2 Grant - The Lake Worth CRA Consortium applied for and received $23,237,500 in grant funding from the U.S. Department of Housing and Urban Redevelopment (HUD) on January 14, 2010. This funding is part of the American Recovery and Reinvestment Act of 2009, and is better known as the Neighborhood Stabilization Program (NSP). Funding will be primarily used to purchase, rehabilitate and demolish foreclosed homes within the City of Lake Worth. Some funding will also be available to provide homebuyer counseling, "green" maintenance, financing and subsidy programs for working class individuals. The Consortium consists of 20 community based organizations and local companies. During the past 12 months, the consortium has conducted an overall environmental review of the entire Target Area which encompasses 518 acres. Additionally, the CRA conducted a public awareness workshop in September to educate residents the actions being conducted. Finally, each parcel (property) purchased with Federal Grant money is given a thorough environmental review (tier II review) and historic preservation overview to ensure	1	CE	done	1			Yes

12737	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Foothill Plaza 1 - Foothill Plaza I is a 98-unit multi-family and affordable residential property in the North Highlands neighborhood of Sacramento, California. The property is northeast of downtown Sacramento on the south side of Interstate 80 and approximately two miles east of McClellan Air Force base. The property is in an un-incorporated area of Sacramento County with a City of Sacramento address and zip code. This is within an area that has previously attempted to incorporate as Arden-Arcade but this area has also been of interest to the City of Sacramento for annexation. The project was originally constructed in 1972 and underwent significant renovation in 1995/96 as part of an ownership change. In 1972 100 dwelling units were constructed in 11 two-story, wood-framed buildings consisting of three four-plex, five eight-plex, and three sixteen-plex structures. When the current owner acquired the property in 1994/95 a partial renovation was done to correct electrical, mechanical, site, and interior finish deficiencies. During this renovation two 2- bedroom units in Building 9 were converted into a community room and offices. Site improvements included new fencing,	1	CE	done	1		5/11/2010	Yes		
12738	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Riverview Apartments - Riverview Apartments is a multi-family project located Avon, Colorado. The project was constructed and occupied in 1979.
