Many people contributed to this handbook. Members of an interdisciplinary team, each with experience in the art and science of environmental impact assessment and the National Environmental Policy Act, provided input to the process, contributing ideas, examples, and energy. The project was directed by Ray Clark, Director of NEPA Oversight, Council on Environmental Quality. The Federal Highway Administration, Federal Energy Regulatory Commission, Department of the Army, U.S. Forest Service, National Park Service, and U.S. Environmental Protection Agency provided funding for this interagency effort. As the primary authors, the following individuals invested the greatest amount of time and effort in producing this handbook – Mark Southerland, Patti Leppert-Slack, Elizabeth Ann Stull, Kirk LaGory, Matt McMillen, Chuck Herrick, Margo Burnham, Gene Cleckley, Allison Cook, Bill Cork, Tom Russo, Dave Somers, Wendell Stills, Ron Webster, and Bob Wheeler. The addresses of these and other contributors are listed below. The handbook was peer-reviewed in draft by a group of academicians and practitioners coordinated by Richard Carpenter (listed on the last page). Their comments and those of many others provided valuable input into the handbook. We thank all who contributed to this effort.
