409	Community Development Fund, Recovery Act	YWCA Windows - The Muncie YWCA is listed on the National Register of Historic Places and includes 41 sleeping rooms, 4 apartments, and common areas, such as laundry room, adult learning center with computers, a craft and study area, and a children's learning and play room. The Muncie YWCA is a member of the Homeless Provider Network and is the only facility in Muncie that provides emergency shelter 24 hours/7 days per week for women and children. ☐ ☐ The YWCA's existing 214 wood windows are leaky, and many no longer latch, resulting in significant infiltration. The existing storm windows are triple-track type and are deteriorated. The City will restore 141 wood windows, install 214 new storm windows, and weather strip. ☐ The project should greatly reduce energy usage and related costs for the facility while improving occupant comfort and safety. It will also eliminate the need for YWCA staff to spend hours taking temporary measures against energy loss, such as installing plastic window films. ☐ ☐ Since the building is listed on the National	1	CE	done	1			Yes

731	Community Development Fund, Recovery Act	Lot Clearance/Boardup/Demolition Tiered Review - Description Provide an expected 290 contracting opportunities for approximately 600 lot clearances and 200 boardups that are nuisance and safety issues and 25 demolitions of dilapidated and unsafe structures primarily in low-moderate income neighborhoods. This project will be implemented through the City's Planning and Community Development Department's Code Compliance Division. The Division's Compliance staff performs the inspections of properties to evaluate compliance with the City's Codes and Ordinances including zoning, housing and environmental standards and requirements. Properties that are found to be non-compliant are processed with proper notification to the owner and follow through to ensure compliance. After this due process, the Lot Clearance/Boardup/Demolition Project will allow the City to contract the work on non-compliant properties to ensure the health, safety and welfare of the low-moderate income neighborhoods. Location Citywide LMI areas primarily from 1st to 61st Streets from Harborside and Avenues C	1	CE	done	1		11/24/2009	Yes

2912	Community Development Fund, Recovery Act	Middletown Police- North End Cameras - The Mdn. Police Dept. is proposing to continue their 2006 "Operation View" project. The 2006 project has proven successful in decreasing criminal activity with the area of the cameras. The proposed project for 2009 is to install two cameras within the same area (1) Green Street and (1) Liberty/Pearl Streets. These cameras are successful deterrents for criminal activity, assist with surveillance operations & aid in the prosecution of offenders committing criminal acts within the view of the camera system. - 222 Main Street, Middletown, CT	1	CE	done	1		8/12/2009	Yes		
2913	Community Development Fund, Recovery Act	Mercy Housing Shepherd Home - A 70 bed long-term transitional residential facility for homeless men & women working toward self-sufficiency & permanent housing, operated by Mercy Housing & Shelter Corp (MHSC) in Middletown on the campus of CVH since 1988. Necessary improvements have been postponed due to a lack of funding, including upgrading the kitchen, an area of just over 200 sq. feet in which 210 meals per day are prepared and cooked. The current kitchen lacks space & surfaces for adequate food preparation & for post-prep of cooked food. By utilizing an adjacent room, the work area will expand fro 209 sf to a total of 489 sf and allow for separate food prep & cooking/post-prep areas - and more efficient, hygienic meal production. Improvements will benefit over 140 different homeless men & women during the 1st year and each year thereafter. Mercy's Director of Facilities planned the project in consultation with plumbing & electrical professionals, the Middletown Health Inspector and CVH authorities. - 112 Bow Lane, Middletown, CT	1	CE	pending		1		No		
2914	Public Housing Capital Fund, Recovery Act	Greene County ARRA Capital Fund Formula Grant - 201 units of Public Housing. Dwelling structures: Stabalize units/slab and footing. - South Prairie Ave. Eutaw, AL	1	CE	done	1			No

2968	Community Development Fund, Recovery Act	Russell Library - This project would replace deteriorating and unsafe brickwork in the inner courtyard and repaint the main entrance area. This project would invest in transportation, environmental protection, or other infrastructure that will provide long-term economic benefit and preserving and creating jobs and promoting economic recovery. This project is expected to create or retain 7 jobs, 2 mason, 2 laborers, and 3 painters - 123 Broad Street, Middletown, CT	1	CE	pending		1		No		
2969	Community Development Fund, Recovery Act	Charles Ave. Drainage Project - The project consists of adding curb, gutter and storm drainage structure on Charles Ave from James Street (131 Charles Ave) south to 173 Charles Ave. The Project includes 470 LF of 24" HDPE pipe, 4 new catch basins, modifications to an existing inlet and approximately 500 LF of curb and gutter. Currently, road drainage from Charles Ave is discharged into the front yard of 131 Charles Ave and flows across the front yards of 5 houses until it reaches an inlet in front of 173 Charles Ave. The cross yard flow causes flooding and potential damage to the homes. This project would remove the cross yard drainage and confine the roadway drainage to the roadway, until it reaches the discharge point. - 131 Charles Ave. to 173 Charles Ave., Marietta, GA	1	EA	done	1		9/9/2009	Yes		
2970	Community Development Fund, Recovery Act	Charles Ave. Drainage Project - The project consists of adding curb, gutter and storm drainage structure on Charles Ave from James Street (131 Charles Ave) south to 173 Charles Ave. The Project includes 470 LF of 24" HDPE pipe, 4 new catch basins, modifications to an existing inlet and approximately 500 LF of curb and gutter. Currently, road drainage from Charles Ave is discharged into the front yard of 131 Charles Ave and flows across the front yards of 5 houses until it reaches an inlet in front of 173 Charles Ave. The cross yard flow causes flooding and potential damage to the homes. 2974	Community Development Fund, Recovery Act	St. Vincent DePaul - St. Vincent DePaul Place operates the Soup Kitchen and the agency's administrative, outreach and housing support offices out of a facility at 617 Main Street. This facility is owned by the Diocese of Norwich but is maintained by St. Vincent DePaul Place. The Community Health Center (CHC) has a proposal to develop a new health care facility that would include their medical, mental health and dental clinics on a new site. If the CHC project is approved, CHC's medical facility at 625 Main Street would become vacant. St. Vincent DePaul Place would like to transfer the ownership of its current facility to CHC and receive title to the CHC medical facility. This project would be contingent upon the approval of the CHC proposal and sufficient funding to cover the costs of renovation and relocation. We would vacate the 617 Main Street building and move our programs off the Main Street site to the property in the rear. ☐ This project will involve transforming the current medical building into a soup kitchen, with refrigeration, pantry, and offices. St. Vincent DePaul Place does not have the funds available to	1	CE	done	1			No

3532	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accommodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished; some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing	1	CE	done	1		1/7/2009	Yes

3668	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accommodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished; some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing	1	CE	done	1		1/7/2009	Yes

3672	Community Development Fund, Recovery Act	Neighborhood Infrastructure Improvements Program - b. Neighborhood Infrastructure Improvement Program (NIIP). The Neighborhood Infrastructure Improvement Program will target improvements to the infrastructure in HUD designated low and moderate income census tracts (where at least 51% of the households have incomes at 80% or less of AMI). The objective will be to replace and/or repair curbs, driveway approaches, sidewalks, and/or street resurfacing areas that have deteriorated and are causing premature pavement failure. The overall goal of the program is to preserve and enhance the viability and aesthetics of our core existing neighborhoods - South Russell Avenue, Ames, IA	1	CE	done	1		7/8/2009	Yes

3920	Community Development Fund, Recovery Act	King Center Renovation and Expansion - The Martin Luther King Jr. Community Center's programs and services (after school programming, workforce development, groups for aging adults, legal assistance medical services food cooperatives, summer youth programming, youth drug prevention, computer skills training, special events and festivals, volunteer activities, recreation and the building is used as a public resource for meetings or events) have evolved to meet the needs of the community. The buildings and grounds have not. Of particular note is the lack of programming space for youth. Despite the building's and neighborhood's shortcomings, there is very strong participation in all programming. The community has expressed a desire for program expansion based on a recent needs survey. King Center staff and Board members are currently raising funds to renovate the existing 10,000 square foot building and build a 12,000 square foot addition. The expansion will extend into open space that is currently used for the summer day camp program. - 630 9th Street, Rock Island, IL	1	EA	done	1		6/15/2009	Yes

4376	Community Development Fund, Recovery Act	Recovery Project - The Town of Weymouth, MA funded a neighborhood Paving Project with its American Recovery Reinvestment Act funds under its Community Development Block Grant (CDBG-R) program. The project's purpose is to provide road way improvements on Georgia Road, Kent Road, Verndale Road and Durant Road in Weymouth. Improvements include milling and overlay paving to existing roads in need of repair. The Weymouth Department of Planning and Community Development and Weymouth Department of Public Works coordinated this effort. The Department of Public Works provided survey work, inspections and oversight. The Town completed an Environmental Review Statement and a Statutory Checklist and found this activity to be Categorical Exclusion as defined in 24 CFR Part 58, Section 58.35 (a)(1). - Georgia, Kent, Verndale, Durant Roads, Weymouth, MA	1	CE	done	1			No					
4377	Public Housing Capital Fund, Recovery Act	Laredo Housing Authority ARRA Capital Fund Formula Grant - Rehabilitation at TX011000003-Carlos Richter/Ana M. 4863	Native American Housing Block Grant, Recovery Act	Pena Foundations Project - Mescalero Apache Housing Authority will rehabilitate 34 seriously substandard homes on the reservation that are occupied by low-income homeowners and tenants. The project focuses on an unusual and particularly severe housing problem faced by the tribe. The 123 units in the Pena subdivision were built into sloped grades and therefore portions of the houses are supported by wood pilings, or vertical framing, lumber girders, or horizontal framing that are structurally unsound. This problem has also led to chronic (and costly) maintenance problems due to freezing of the plumbing lines that run in chases under the exposed crawl areas. Outline specifications, methodology, and costs have been calculated for foundation repairs based on engineer's analysis of 15 houses. The work to be completed will include completing the drawings and specifications for structural repair, demolishing and removing the deteriorated lumber and construction of a new permanent concrete foundation, steel framing and concrete faced sheathing to enclose the open crawl area. In addition, the homes will meet HQS standards and the rehabilitation work will be completed as	1	EA	pending		1		No

5069	Public Housing Capital Fund, Recovery Act	Housing Authority of the County of Dauphin - ARRA Capital Fund Competitive Grant - The purpose of this project is to make energy saving green improvements to a 30 unit elderly/disabled housing facility in the rural area of Gratz, Pennsylvania. The scope of work includes the replacement of a deteriorated building envelope with a more energy efficient sustainable material and to increase the insulation value significantly. New energy efficient windows will be installed, front entrance will be redesigned for thermal efficiency, asphalt shingle roof will be replaced with a more sustainable metal roof, roof top solar panels will be installed to heat all of the building's hot water, hallway HVAC system will be redesigned for efficiency and a windmill will be installed on site to generate up to 50% of the electricity for the building. This is an all electric building that is facing a significant rate increase during the coming year as the rate caps in Pennsylvania expire. The planned improvements are projected to decrease energy consumption in the building by 75%. - 100 South West Street, Gratz, PA	1	CE	pending		1		No

5113	Public Housing Capital Fund, Recovery Act	2905 11th Street NW - Improvements to Non-Dwelling Areas: All common areas will be made UFAS compliant, including all entrances, hallways, the community room, common bathrooms, laundry room, kitchen and offices. A new elevator will be installed to provide full accessibility to the building. The non-dwelling areas to be improved are part of the public housing project and will be used solely by residents of the public housing units. None of these areas are currently UFAS accessible. As with the dwelling units, accessible features will minimally include wider door widths at least 36" wide, to accommodate scooters and wider wheelchairs, allowing 34" of clear passage space; grab bars; lower counter tops and cabinetry and turning radius that meet or exceed UFAS. All alarm systems will be for the hearing and visually challenged as well as for able bodied. All common bath rooms will have a nurse call device with hardware to accommodate emergency egress. A+E is experienced in designing UFAS compliant projects and will assure that all UFAS requirements are met. Non- Dwelling Areas to be Improved or	1	EA	pending		1		No

5182	Native American Housing Block Grant, Recovery Act	East Kapolei II - East Kapolei II is a 374 acre master planned community located in the Ewa Plains of Oahu that will yield approximately 1,000 single family homes, 1,300 multi-family rental units, an elementary school, a middle school, recreational parks and a community center when completed. Approximately 20% of infrastructure costs for the single family homes in East Kapolei II will be funded with Native Hawaiian Housing Block Grant or American Recovery and Reinvestment Act funds. Of the 1,000 East Kapolei II units, approximately 200 units will be reserved for NAHASDA eligible households. East Kapolei II is a multi-year, multi-increment development project and the ARRA funds will be focused on infrastructure improvements for East Kapolei II, increments B & C. House construction for East Kapolei II is expected to begin in 2011 and should run through 2017. The project's major types of activities are on and off site infrastructure construction, consultants, house construction loans or down payment assistance grants, self-help technical assistance, and utility fees. - Ewa, Oahu, Ewa, HI	1	EA	pending		1		No

5184	Community Development Fund, Recovery Act	Housing Rehabilitation - Energy Efficiency Small Repair program,an addition to the Housing Rehabilitation Program, to assist Low to Mod Income homeowners through this small repair program. The program is under tiered review as sites are undetermined at this time; site-specific reviews will be conducted, completed prior to implementation of repair, and located per individual file. The City previously completed a tiered review under its 2008 plan housing rehabilitation program, strategy for unspecified sites for single family rehabilitation, with funding supported by its Community Development Block Grant (CDBG) funds. Upon a secondary review,the proposed CDBG-R program activities do not involve substantial changes in the nature, or extent of housing rehabilitation activities previously approved under the City of McKinney's CDBG Program and previously reviewed as a part of the referenced tiered review for unspecified sites. - 314 S. Chestnut Street, McKinney, TX	1	CE	pending		1		No					
5185	Native American Housing Block Grant, Recovery Act	Rehabilitate Homes - We have updated 10 homes so far in many areas, such as new roofs on older units, added porch coverings. Our senior center has had an elevator installed to ensure those in wheelchairs access to the basement for severe weather. We are also in the process of updating our boiler system on the senior center. Have plans on installing solar thermal on our office building to help save on energy, and use it as a test run before we install them on our new homes project as well. - 3265 IndianSettlement Rd., Crandon, WI	1	CE	done	1			No

5186	Community Development Fund, Recovery Act	City of Haleyville CDR-LR-09-053 - Rehabilitate street and drainage facilities. - 1901 11th Avenue, Haleyville, AL	1	CE	done	1			No	
5187	Community Development Fund, Recovery Act	Economic Development Tri-City Port District - Reconstruction and upgrade of a dry-bulk grain facility (Red Dock) located near Rock Road in Granite City to replace functionally-obsolete and potentially unsafe equipment. - 1635 W. 1st Street, Granite City, IL	1	CE	done	1			No	
5188	Public Housing Capital Fund, Recovery Act	Albright Terrace-Site Improvements - Replace concrete sidewalks, ADA ramping, Seal and stripe parking lot. - 129 Milan Avenue, Amherst, OH	1	CE	done	1			No	
5189	Community Development Fund, Recovery Act	Streetscape Improvements - Streetscape improvements which may include crosswalks, curbs, benches, planters, lighting, signage and trash receptacles. - 6th-7th at Northampton, Pine St., Easton, PA	1	CE	done	1		10/16/2009	Yes	
5190	Community Development Fund, Recovery Act	Park East Road Reconstruction - The proposed activity involves the reconstruction of streets and roadways in the low to moderate income eligible Park East Neighborhood, Census Tract 608.00 and Block Groups 1, 5, and 6, all of which exceed the 51% low to moderate income requirement according to the 2000 Census. The Park East Neighborhood is the primary location associated with the City's Neighborhood Stabilization Program and has been hit particularly hard by foreclosures. The street reconstruction will ensure that the City's strategy of improving this neighborhood continues as does its commitment to assisting those most impacted by the recession. The state of the current street system in this neighborhood requires rehabilitation and over the years it has begun to deteriorate. With this activity, the City will invest in its current transportation system by improving the streets in the most impacted neighborhood in the City. The activity directly minimizes reductions in essential services, as roads are essential to all communities. The construction industry in Florida has been especially hard hit by the recent economic downturn. This much needed road resurfacing	1	EA	done	1		5/7/2009	Yes

5198	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. The road length is approximately 1,900 linear feet and is a main East-West connector in the Village of Kenmore. The road links both Elmwood and Delaware Avenues and connects the main municipal building, the police station, and a neighborhood park. It has been considered a multi-year project under the regular CDBG program from 2004-2009. Funds have been allocated in each of those program years to help pay for the reconstruction of all new underground utilities, road resurfacing, sidewalks, and landscaping. The total estimated cost for the project is \$2.2M. Engineering for the project is complete and the bids have been received for the construction of the entire road length during 2009 and 2010 at a cost of \$1.7M. The total regular CDBG funds to be spent on the project equal \$1,083,819.78. CDBG-R funds equal \$101,024. The \$600,000 shortfall will be paid through municipal bonds. The economic impact of the CDBG-R funds may be	1	EA	done	1		5/19/2009	Yes

5386	Community Development Fund, Recovery Act	City of Santa Maria Fire Station No. 3 Construction - The City's Fire Department provides all risk emergency services, as well as public education programs, fire prevention, and life safety measures to the City's residents. The City is divided geographically into fire management zones and each zone is assigned to a fire company officer. Each company officer is tasked with fostering positive working relationships with business and residential customers within their respective zones. This is accomplished through proactive contacts in a non-emergency atmosphere. These services support the Fire Department's mission of effectively preserving lives and protecting property. Based on the geographic expansion and new residential development that has occurred particularly in the northern area of the City over the last few years, the City's Fire Department has seen an increase in the number of calls for service in that area. In particular, in 2008 the northwest area had the highest call volume of all other areas with 3,530 calls (40 percent) of the total 8,841 calls for the entire City being from that area. Of	1	EA	pending		1		No

5616	Public Housing Capital Fund, Recovery Act	Simon Frazier Homes Energy Retrofit - Reducing energy consumption in Frazier Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. ☐ To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of ≤ 0.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. ☐ Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This	1	EA	pending		1		No

5661	Community Development Fund, Recovery Act	34 Morton Avenue Rehabilitation Project - 34 Morton Avenue is an abandoned three story building with two residential units over a commercial storefront. It is emblematic of the two-block stretch of Morton Avenue, where over 50 percent of the buildings are abandoned, and of the South End, which contains many of the over 800 abandoned buildings in the City of Albany. The building was recently foreclosed upon by Albany County and transferred to the Albany Housing Authority as part of an ongoing effort to eliminate blight and stimulate reinvestment. Pursuant to the Capital South Plan, the Authority and its developer partner, Omni Housing Development, LLC, already have developed 52 units of affordable housing and anticipate funding for another 43 units, many of which will be in abandoned buildings on Morton Avenue. AHA and Omni intend to rehabilitate 34 Morton Avenue in a similar manner, using CDBG stimulus funding leveraged with other resources provided by the City, such as lead abatement, weatherization, and training funding. The project will be used as a demonstration project for utilizing residents from the local community	1	CE	done	1		9/14/2009	Yes

5780	Community Development Fund, Recovery Act	Acquisition and Rehabilitation - Acquisition & Rehabilitation of Foreclosed and Abandoned Homes in the North Harbor Neighborhood of the City for sale to low/moderate income households at 80% or below the median income limits. - Still to be determined, East Chicago, IN	1	CE	pending		1		No					
5781	Public Housing Capital Fund, Recovery Act	Fred Wessels Homes Energy Retrofit - Reducing energy consumption in Fred Wessels Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. ☐ ☐ To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of ≤ 0.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. ☐ ☐ Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This	1	EA	pending		1		No

5911	Community Development Fund, Recovery Act	Housing Market Analysis - The Housing Market Study would be a detailed analysis of the current housing stock and would identify needs for future housing. The study would also show how Baytown's available housing compares to other cities in the Houston metropolitan region. This type of analysis has never been conducted in Baytown. The Consolidated Plan includes a cursory review of housing based on out-dated census information, but a more in-depth study will provide a clear assessment of housing needs (single-family and multi-family), foreclosure trends, gaps in available housing market, and help identify opportunities for future housing development. Data gathered in such a study would also provide guidance to draft policies for housing and neighborhood redevelopment. As more federal funding is becoming available for neighborhood revitalization efforts, the Housing Market Study would help Baytown take advantage of these opportunities. The estimated budget will not exceed \$22,032. The required procurement process for consultant services would be used to secure this product as per 24 CFR 85.36. The use of CDBG-R funds for the Housing Market Study is	1	CE	done	1			No

5972	Community Development Fund, Recovery Act	Sidewalk and Alleyway Reconstruction Program - The Sidewalk and Alleyway Reconstruction Program would provide over 8,000 linear feet of infrastructure improvements in the CDBG target areas. The Public Works Department crews will survey the needs and determine the scope of work for each site. Based on preliminary surveys within the target areas, the Public Works Department estimates a budget of \$200,500. The use of CDBG-R funds are for materials only. The Public Works Department utilizes in-house labor to stretch the limited CDBG dollars and provide maximum improvements in the low to moderate income neighborhoods. ☐ ☐ The use of CDBG-R funds for sidewalk and alleyway reconstruction is consistent with Baytown's major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This substantial amendment employs the listed priority of providing essential infrastructure improvements.☐ ☐ Title XII of Division A and Section 1602 of ARRA	1	CE	pending		1	10/23/2009	No		
5973	Native American Housing Block Grant, Recovery Act	'37 Act Modernization /Rental Housing Construction - Project will address health, safety, energy conservation, and weatherization issues. 6334	Community Development Fund, Recovery Act	HOPE House HVAC upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. ☐ During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be \$5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. ☐ This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER. ☐ The building is located in the Emily Kimbrough	1	CE	done	1			Yes

6382	Community Development Fund, Recovery Act	Deconstruction Training Program - In an effort to recycle valuable building components as part of its CDBG- and NSP-funded demolition program, the City will implement a pilot program to train local contractors and laborers to deconstruct houses. Two training programs will be conducted: 1) Using CDBG and NSP clearance funds, the City will contract with an experienced deconstruction specialist with an existing curriculum to teach contractors the art of building deconstruction; 2) Using CDBG-R funds, a deconstruction specialist will teach formerly incarcerated and other low- and moderate-income persons the skills necessary to perform deconstruction work, thus improving marketability to contractors. Instruction will involve both classroom work and on-site, hands-on deconstruction of a blighted structure. The deconstruction training program will be developed in conjunction with Work One (the state's workforce development agency), the City's Weed and Seed/Community Corrections agency, Habitat for Humanity, and professional consultants who have expertise in building deconstruction and an established deconstruction training curriculum. The deconstruction process	1	CE	done	1			No

6956	Home Investment Partnership Program, Recovery Act	Villa Alegre Apartments - The project will consist of 60 rental units on 3.9 acres on the north side of West Alameda Street across from the Santa Fe River and River Park and south of West San Francisco Street in Santa Fe. It will have 42 two bedroom (782 sq ft each) & 18 three bedroom (1,010 sq ft) units in four different building types with 25% of units set-aside for households with children and 5% for individuals with special needs. The project replaces 1960s era existing HUD housing which have not aged well. The existing units are empty and will be demolished upon final approval of all funding sources for this project. The new buildings will reflect and complement the character of the surrounding areas. All construction and systems will be energy efficient and in compliance with emerging green building technologies. There will be common open space with a mixture of passive and active recreation opportunities, including a clubhouse for community events and gatherings. Villa Alegre is 1 of 3 different re-development projects on this public housing site. Another is Villa Alegre Senior Apartments for which MFA also has commitments, a 4% tax credit/tax exempt bond	1	EA	done	1		9/9/2009	Yes

7046	Home Investment Partnership Program, Recovery Act	La Terraza Apartments - La Terraza is a 72 unit apartment complex proposed for a 3.47 acre site in Farmington, NM. The complex will consist of 9 two-story 8 unit buildings, offering spacious garden-style apartments designed for medium to large families. The complex will have 32 two-bedroom apartments with 894 SF of living space and 40 three-bedroom apartments with 1,154 SF of living space. There will be 18 units set-aside for persons with physical disabilities. Every apartment will have a breakfast bar, dining room, living room sliding glass opening to a private patio, exterior bulk storage, high efficiency HVAC units, vertical blinds and individual washer and dryer hookups. Buildings will be southwestern style with arched accents and low pitched shingled roofs and the exterior troweled stucco of one shade with areas of a second accenting color. Grounds will be xeriscaped and utilize a fully automatic irrigation system. A clubhouse and a recreational area with playground equipment and a half-court basketball area have been proposed. Additional amenities include a community garden for use by the residents and a central mail center. La Terraza's location makes it convenient to nearby resources	1	EA	done	1		12/9/2009	Yes		
7047	Home Investment Partnership Program, Recovery Act	La Terraza Apartments - La Terraza is a 72 unit apartment complex proposed for a 3.47 acre site in Farmington, NM. The complex will consist of 9 two-story 8 unit buildings, offering spacious garden-style apartments designed for medium to large families. The complex will have 32 two-bedroom apartments with 894 SF of living space and 40 three-bedroom apartments with 1,154 SF of living space. There will be 18 units set-aside for persons with physical disabilities. Every apartment will have a breakfast bar, dining room, living room sliding glass opening to a private patio, exterior bulk storage, high efficiency HVAC units, vertical blinds and individual washer and dryer hookups. Buildings will be southwestern style with arched accents and low pitched shingled roofs and the exterior troweled stucco of one shade with areas of a second accenting color. Grounds will be xeriscaped and utilize a fully automatic irrigation system. A clubhouse and a recreational area with playground equipment and a half-court basketball area have been proposed. Additional amenities include a community garden for use by the residents and a central mail center. La Terraza's location makes it convenient to nearby resources	1	CE	done	1		12/9/2009	Yes

7321	Community Development Fund, Recovery Act	Armstrong County - Manor Township-wide Housing Rehab - Improve the standard of housing for eligible low/mod income owner occupied homeowners and provide funding assistance for the rehabilitation of bringing their homes into compliance. - Manor Township-wide, Armstrong County, PA	1	CE	done	1		10/16/2009	Yes		
7322	Home Investment Partnership Program, Recovery Act	House to Home - House to Home is a single-family affordable rental housing development consisting of 20 homes located in the central core of Kansas City, Wyandotte County. Each home will have three bedrooms (1,300 square feet) and will include standard amenities. In addition, tenants will be provided home maintenance, homeownerownership and financial literacy classes to enable them to eventually become homeowners. The homes will be built on multiple sites located in an area bounded by Orville on the north, 10th on the east, Central on the south and the alley between Valley and Thorpe, Kansas City, Kansas (Census Tract: 421). The homes will be built on vacant infill parcels. The existing conditions of the project area are single-family homes, a commercial corridor on Central and a Medical Office building in the middle. Most of the single-family homes are deteriorating and are surrounded by vacant pieces of land. The majority of the land is held in the Land Bank. If the area were to continue	1	EA	done	1		10/8/2009	Yes

7528	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and	1	CE	done	1			No

8068	Home Investment Partnership Program, Recovery Act	Parkside Commons - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Parkside Commons (the "Project"). The Project will consist of the acquisition and rehabilitation of a 393 unit, multifamily rental development, consisting of 14 apartment buildings, located at 1935-2001 East Fayette Street (Tax Map ID # 036-.01-18.0) in the City of Syracuse, Onondaga County, New York. The Project has an existing HFA mortgage from 1994 under the name "Rolling Green." The Project was constructed in two phases in 1948 and 1962. The entire 14-building, 393-unit complex was renovated in 1980 and was refinanced in 1994 as an LIHTC project. Amenities include laundry facilities, a playground, a community room, and outdoor parking lots for tenants. The management office is located on the premises. The Project is presently 97% occupied. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. Major improvements	2	CE	done	2		9/11/2009	Yes

8144	Home Investment Partnership Program, Recovery Act	Madison Plaza Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Madison Plaza (the Project). The Project involves the acquisition and rehabilitation of a residential rental development, known as Madison Plaza, consisting of 127 units, located at 100 North Madison Street, Rome, New York. Madison Plaza consists of one seven-story residential building for family tenants on a 2.59 acre lot. The building is an existing Mitchell Lama project built in 1973, under HUD's Section 236 program. The project includes 29 efficiency apartments, 48 one-bedroom units and 50 two-bedroom units and includes 102 parking spaces. One, one-bedroom unit is reserved for the project superintendent. The first floor of the building contains a lobby, laundry room, community room, mechanical and storage rooms. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of facade repair, site-work, new windows, new doors, common area upgrades, kitchen and	1	CE	done	1		8/27/2009	Yes

8325	Home Investment Partnership Program, Recovery Act	Livonia Terrace - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with the rehabilitation of 17 existing apartment buildings in the East New York neighborhood of Brooklyn. Livonia Partners, LLC is seeking to rehabilitate apartments within 17 existing residential buildings located at 435, 441, 443, 446, 452, 456, 462, 466, 469, and 475 Alabama Avenue and 446, 450, 456, 466, 468, 470, and 476 Georgia Avenue (Block 3802, Lot 38; Block 3803, Lots 1 and 11). The existing four-story buildings currently contain a total of 171 dwelling units plus a superintendent's unit and a management office. Upon completion of the rehabilitation there would be no change in the number of dwelling units which would remain at 171. The unit distribution is as follows: 43 1-bedroom units with 1 bath, 50 2-bedroom units with 1 bath, 40 3-bedroom units with one bath, 28 4-bedroom units with 1.5 baths and 12 5-bedroom units with 1.5 baths. All 173 units will be rehabilitated using TCAP and HOME funds and current tenants will be allowed to remain in the building during rehabilitation activities, which consist of minor repairs and improvements.	1	CE	done	1			No

8563	Home Investment Partnership Program, Recovery Act	Hudson Terrace Apartments - Evergreen Partners, LLC. proposes substantial rehabilitation of existing, 3-story buildings (13 buildings total) for families with 167 residential units, on a 5.8 acre site at 15 North Front Street, City of Hudson, Columbia County. The project was constructed in 1973. The property over looks the Hudson River at the top of a bluff. The property is separated into two sections by Promenade Hill Park. Four buildings contain laundry facilities. Interior improvements will be replacement of kitchens, bathrooms, flooring and doors. Each apartment will be painted and wired for smoke detectors. New gas fired heating systems will replace the existing electric heat and provide central air conditioning. Exterior improvements include replacement of roofs, windows and siding. Building insulation will be improved. The renovation will follow the DHCR green building design criteria. Tenants will be relocated in phases during rehabilitation. Minor site disturbance will occur in the form of underground installation of downspout extensions, regrading at base of buildings to provide positive drainage,	1	EA	done	1		12/11/2009	Yes

8846	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds are available to the County. However, there will be some factors that may delay the project	1	CE	done	1		9/9/2009	Yes

9041	Native American Housing Block Grant, Recovery Act	Low Income Housing Construction - The Tribe is constructing four low-to-moderate-income rental units and three single family houses within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The subdivision will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 4,050 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2 Block 3, Haines, AK	1	EA	done	1		12/3/2007	Yes

9061	Home Investment Partnership Program, Recovery Act	Unadilla Neighborhood Apartments - Unadilla Housing Group, LP proposes new construction of a 2-story building with 24 residential units for seniors, on a vacant 4.56 acre site on 71 Clifton Street in the Village of Unadilla, Otsego County. The building will include an elevator, office, community room and laundry services. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green Building Measures and the NYSERDA Multifamily Performance Program. The site is near the village recreation fields, where walking trails will connect the project to the recreational area. Public water is available at the site. An on-site septic is required for the project. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. Funding for the project will also be received from UDSA Rural Development. - 71 Clifton Street, Unadilla, NY	1	EA	done	1		9/30/2009	Yes		
9062	Home Investment Partnership Program, Recovery Act	Unadilla Neighborhood Apartments - Unadilla Housing Group, LP proposes new construction of a 2-story building with 24 residential units for seniors, on a vacant 4.56 acre site on 71 Clifton Street in the Village of Unadilla, Otsego County. The building will include an elevator, office, community room and laundry services. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green Building Measures and the NYSERDA Multifamily Performance Program. The site is near the village recreation fields, where walking trails will connect the project to the recreational area. Public water is available at the site. An on-site septic is required for the project. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. Funding for the project will also be received from UDSA Rural Development. - 71 Clifton Street, Unadilla, NY	1	CE	done	1		9/30/2009	Yes		
9063	Native American Housing Block Grant, Recovery Act	Houstin Johnson Heights - Increase attic insulation in 30 units. Repair streets throughout site. - 6th Avenue, Warner, OK	1	CE	done	1		3/11/2009	Yes

9149	Public Housing Capital Fund, Recovery Act	CFRG ARRA - Patio Doors and Siding Replacement - 2400 Nevada Ave, St. Louis Park, MN	1	CE	done	1			No					
9150	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	EA	done	1		12/4/2007	Yes

9412	Native American Housing Block Grant, Recovery Act	Metahksonikek II - The Houlton Band of Maliseet Indian's Tribal Housing Authority plans on constructing a 10,000 sq. ft. 8 unit apartment building. The project is a new free standing apartment building located in Houlton, ME on Houlton Band of Maliseet Indian's Trust Lands leased to the Housing Authority in the Riverside Village. The location at one time was all farm land that was developed in 1992 for the Maliseet Riverside Village. The land is fairly flat sloping easterly. No demolition of existing buildings will be necessary. An Environmental Review has been completed by the Housing Authority and found not to require the preparation and dissemination of an environmental impact statement. The finding of no significant impact and request for release of funds has been published in the local paper and HUD form 7015.15 has been submitted to HUD. - 13 Clover Court, Houlton, ME	1	EA	pending		1		No

9451	Home Investment Partnership Program, Recovery Act	Mildred Johnson II - Pathstone Development Corp. proposes new construction of single-family homes for families, with 20 residential units, on scattered, vacant sites within 14621 Neighborhood in the City of Rochester, Monroe County. Currently there are 26 City-owned lots that will be combined to create 20 lots. A community building will be constructed on an additional lot to contain a conference room, two offices and maintenance storage area. Each home will have a washer and dryer, one car garage, fenced backyard and full basement. The 21 lots are vacant and currently owned by the City of Rochester. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green and Energy Efficiency Building Initiative. Public water and sewer are available at the site. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. See attached site list for addresses. - Scattered sites in the City of Rochester, Rochester, NY	1	EA	done	1		12/24/2009	Yes		
9452	Home Investment Partnership Program, Recovery Act	Mildred Johnson II - Pathstone Development Corp. proposes new construction of single-family homes for families, with 20 residential units, on scattered, vacant sites within 14621 Neighborhood in the City of Rochester, Monroe County. Currently there are 26 City-owned lots that will be combined to create 20 lots. A community building will be constructed on an additional lot to contain a conference room, two offices and maintenance storage area. Each home will have a washer and dryer, one car garage, fenced backyard and full basement. The 21 lots are vacant and currently owned by the City of Rochester. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green and Energy Efficiency Building Initiative. Public water and sewer are available at the site. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. 9537	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at www.metrocouncil.org/environment/watershed . The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	pending		1		No	
9538	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	pending		1		No
